

The Weather

OHIO — Showers and thunderstorms tonight and Friday. Chance of some locally heavy amounts. Not much change in temperature. Low tonight 64-72. High Friday 76-84.

County's Wheat Loss Will Top Quarter-Million

High Moisture Content, Sprouting Deal Heavy Blow

July's rains — 18 of them in 31 days — have cost Fayette County farmers much more than a quarter of a million dollars.

Elevator men and Extension Service agents, estimate the loss will run somewhere around 50 cents a bushel—maybe more, maybe less. What the total actually will be can never be determined, but with prospects of a near-bumper crop on about 30,000 acres, the county's wheat crop was estimated by those in close touch with farm conditions at around 730,000 bushels.

If the loss through discounts for moisture content, light weight and damage, principally sprouting averages 50 cents a bushel, as many think it will, the total would amount to \$360,000 to \$370,000, conservatively.

W. W. Montgomery, extension agent, said that what "makes the loss anybody's guess" is the plan many farmers have adopted to feed their damaged wheat to livestock, mainly hogs. This is wheat, he said, that otherwise probably would have gone to market under government loan.

MONTGOMERY and elevator men estimate that 70 per cent to 80 per cent of the county's wheat has been harvested. Nearly all commented, when a spot check was made, that Thursday's rain won't hurt much because the wheat already was badly damaged while standing in the rain in the fields for at least three weeks after the normal harvest time.

Most of the elevator operators queried in the spot check said they think the wheat damage will average 20 per cent. Damage to some they said "runs over 30 per cent" which makes it ineligible for support loan.

One bright spot in the otherwise dark picture was the relaxing of price support eligibility requirements by the United States Department of Agriculture.

A new schedule of discounts just (Please Turn to Page Two)

Guardsmen To Man New Nike Bases

WASHINGTON (AP)—Nike anti-aircraft missile sites will be manned full time by National Guardsmen in September when the 720th Battalion takes over four weapons sites in the Los Angeles, Calif., area.

That battalion will be the pilot unit in a program that will cover at least 13 other states, including Ohio, in the near future.

The Ohio National Guard organization already is making plans for the taking over the sites from the regular Army. The Army has given no definite schedule for the changeover outside of Los Angeles.

Nike defenses in Connecticut, Ohio, Rhode Island and Wisconsin are to be turned over to the National Guard at a later date. In these states, the Army said, no decision has been made as to the specific units to be assigned.

At each Nike site taken over by the National Guard, a small group of fulltime technicians, members of the Guard, will maintain the weapons and keep them in a state of readiness. Guardsmen assigned to missile defenses will remain under command of their state authorities except in time of national emergency.

Quick House OK Expected For Social Security Boost

WASHINGTON (AP) — The House called up for action today a bill to fatten Social Security pension checks.

The far-reaching measure, with an accompanying increase in the workers and their employers, was expected to whisk through the House with election-year ease.

Every election year since 1952 Congress has liberalized the Social Security system. Despite administration misgivings, the pattern seemed likely to be followed again this year.

In addition to raising benefits and tax rates, the bill provides for easing of eligibility requirements. It increases by 288 million dollars a year the federal government's share of state-operated public assistance programs for the blind, disabled and other needy.

Its chief provision calls for a 7 per cent increase in old age, survivors and disability benefits,

Remember, It's 4 Cents Now!

POSTMASTER CLARK WICKENSIMER left and window clerk, Glen Yerian, look over the supply of 4-cent postage stamps which will be required on ordinary letters at midnight Thursday. This is the first rate increase since 1932. The new rate is 4 cents for regular mail, 7 cents for air mail and 3 cents for postal cards. There are only two 1-cent stamps so far, the regular "Lincoln" stamp and a commemorative issue which bears a picture of Simon Bolivar, the South America liberator. Mail after today with the old postage rate on it, will still go through, but postage due will be collected at the receiving end.

WASHINGTON (AP) — Another American institution — the three-cent stamp for letters — makes its last stand today.

It'll give way to the four-cent stamp at midnight. The changeover is one of a series of upward revisions in postal rates designed to produce more than half a billion dollars in annual revenue to help run the deficit-ridden Post Office Department.

First-class rates — those that concern the general public — go up Friday. Higher rates for newspapers, magazines and advertising matter will become effective Jan. 1, 1959.

Besides the letter stamp, other increases will raise postcards from two to three cents, air mail letters from six to seven cents

and airmail post cards from four to five cents. Drop letters, used in some smaller post offices, will advance from two to three cents. These rates will also apply to mail bound for Canada and Mexico.

Mail sent to other foreign countries will continue to cost a basic eight cents for the first ounce, but five instead of four cents for each additional ounce. Postcards go from four to five cents.

There will be no changes in the international airmail rates ranging from 10 to 25 cents per ounce. The Post Office Department laid down strict orders that any letters mailed after midnight must conform to the new rates, or be subject to the postage due regulation.

One other thing: Mail dropped in a box in time for the last pickup today can get by at the old rates even though the postal folk may not get around to postmarking it until after midnight.

Medical Firm Executive Slain

INDIANAPOLIS (AP)—Forrest Teel, 54, executive vice president of the huge Eli Lilly & Co. pharmaceutical firm, was shot to death early today in a shopping center. Witnesses said another car sped away after the shots cracked out.

Teel, the top sales executive of the drug firm, was shot in the throat, right side and right hip.

Witnesses told police Teel's white Cadillac backed out of a driveway, over a lawn, across a street divider strip, over a curb, and hit a utility pole. Teel apparently was unconscious at the time.

Reports that two men raced away in a cream-and-blue Oldsmobile came from Earl Alexander, 43, a neighbor on walking his dog; and Charles Hendrick, 16, counterman in a restaurant in the shopping center.

Alexander said he saw the car speed away after he heard noises that he thought were firecrackers.

Homicide Capt. Michael Smiley said it's too early to say what motive could be assigned to the shooting.

"I believe he was shot inside the car," Smiley said.

Teel wore a dark summer suit, but no tie, and his shirt was unbuttoned.

The shooting occurred about five miles from Teel's home in a fashionable section in the Broad Ripple section of Indianapolis.

A friend at the home said Teel had called home Wednesday afternoon, saying he wouldn't be home for dinner. His family didn't know where he was going.

Police found a case of whisky in the trunk of his car.

In moments of consciousness after he was found in his car, Teel

was asked who shot him. Four times he murmured only "hospital." He was dead when an ambulance arrived.

Police also hunted two men in a second Cadillac who stopped taxicab driver Wesley Miller, 28, and told him to call police because of a shooting, then drove away. Miller said he didn't believe the story until he came upon a crowd around Teel's Cadillac.

Teel is survived by his widow, Mary Elizabeth, and a son Tom, 14.

His company, one of the world's largest pharmaceutical houses, does an estimated 200-million-dollar-a-year business.

O'Neill, DiSalle Press Campaigns

By THE ASSOCIATED PRESS

Ohio's gubernatorial adversaries concluded Wednesday's campaign activities with speeches in towns just 52 miles apart.

Republican Gov. C. William O'Neill staged his eighth in a series of Governor's Day picnics at Lakewood Beach near Urbana.

Michael V. DiSalle, the Democratic candidate, ended an all-day tour of the Eighth Congressional District in Marion.

O'Neill's picnic was much the same as previous ones, but DiSalle made a new attack—this one on the O'Neill administration's handling of civil service employees.

The Toledo Democrat said the governor has acted in "a clear violation of the spirit" of civil service laws and has had a callous attitude toward the rights of civil service workers.

He said O'Neill forced civil service employees to buy \$10 tickets to the O'Neill pre-primary election dinner and of engaging in political activities in violation of state laws.

DiSalle added that he plans to announce shortly his own program "to give real meaning to the civil service."

He declared that civil service "should give a sense of belonging and security to make state service a status in life which will be sought after, rather than something to be used when everything else has failed."

Before his dinner address in Marion, DiSalle spoke in Tiffin, Upper Sandusky, Mount Gilead, Bucyrus, Findlay and Kenton.

The O'Neill picnic attracted between 7,500 and 8,500 persons.

The governor, following previous picnic patterns, shook hands for nearly three hours. It was estimated that 4,500 persons were greeted by the governor and had their pictures taken with him.

Newsman estimated that only about 2,000 were on hand, however, when O'Neill and other Republican state candidates spoke.

letters from six to seven cents and airmail post cards from four to five cents. Drop letters, used in some smaller post offices, will advance from two to three cents. These rates will also apply to mail bound for Canada and Mexico.

Ike OKs Macmillan Call For U.N. Summit Parley

U. S. Develops Better Bomb

Nuclear Arms Now Smaller, More Rugged

WASHINGTON (AP) — The United States today reported development of new types of atomic and hydrogen weapons which can be put to deadly use more quickly than earlier models.

The Atomic Energy Commission in its 24th semiannual report to Congress said weapons models have been improved and new types of weapons—smaller, more efficient, more rugged, and more immediately ready—have been developed to meet the requirements of the armed forces toward preserving the peace.

The commission said that during the period covered by the report — January through June — America's arsenal of nuclear weapons continued to be expanded rapidly.

Among other highlights of the report, which told in general terms of across-the-board progress in all aspects of the nation's military and peacetime atomic program, were these:

1. The effort to produce atomic propulsion for manned aircraft and unmanned missiles continued to gain momentum. No details were given.

2. Receipts of uranium raw materials from both domestic and foreign sources were an all-time high and production rates of usable fissionable and fusionable materials exceeded the goals.

3. Significant and steady progress has been made toward the goal of harnessing the H-bomb fusion reaction to produce peacetime industrial power, but the quest still remains a long-range program.

4. Results of the underground explosion of a small atomic bomb in Nevada last September indicate that devices 100 times as powerful can be safely fired underground.

5. AEC scientists have improved their techniques for using atomic materials in the treatment of cancer.

6. The effort to produce atomic propulsion for manned aircraft and unmanned missiles continued to gain momentum. No details were given.

7. Receipts of uranium raw materials from both domestic and foreign sources were an all-time high and production rates of usable fissionable and fusionable materials exceeded the goals.

8. Significant and steady progress has been made toward the goal of harnessing the H-bomb fusion reaction to produce peacetime industrial power, but the quest still remains a long-range program.

9. Results of the underground explosion of a small atomic bomb in Nevada last September indicate that devices 100 times as powerful can be safely fired underground.

10. AEC scientists have improved their techniques for using atomic materials in the treatment of cancer.

11. The effort to produce atomic propulsion for manned aircraft and unmanned missiles continued to gain momentum. No details were given.

12. Receipts of uranium raw materials from both domestic and foreign sources were an all-time high and production rates of usable fissionable and fusionable materials exceeded the goals.

13. Significant and steady progress has been made toward the goal of harnessing the H-bomb fusion reaction to produce peacetime industrial power, but the quest still remains a long-range program.

City-County Proclamation Opens 'Hire Now' Drive Here

City Manager James F. Parkins and Clifford Hughes, chairman of the Board of Fayette County Commissioners, sign a proclamation stating the "total ingenuity and resourcefulness of the community should be dedicated to restoring our unemployed to payrolls as promptly as possible."

City and county officials are urging cooperation with the Chamber of Commerce and the Ohio State Employment Service to promote the "Hire Now Campaign" to find extra jobs to aid the economy.

William Stoughton, manager of the Washington C. H. Chamber of Commerce, the local sponsor of the Hire Now Campaign, looks on while Hughes adds his signature to the proclamation which says:

"UNEMPLOYMENT is a matter of public concern at this time in the city of Washington C. H. and Fayette County. The reduced purchasing power of our unemployed men and women of Washington C. H. and Fayette County is adversely affecting our stores, our service firms, our industries and our economy as a whole. It is fitting, and proper, therefore, that the total ingenuity and resourcefulness of our community should be dedicated to re-

AP Reporters Feel Wrath Of Rebels

DAMASCUS, Syria (AP)—Rebels roaming the wild mountain country along the Syrian-Lebanese border attacked a car carrying two Associated Press correspondents.

The correspondents, Reiman Morin and Tom Ochiltree, were traveling Tuesday from Beirut to Damascus. The rebels fired on their car as it sped through a steep valley, but missed.

As they picked themselves up from the floor of the car Morin, a two-time Pulitzer Prize winner and veteran war correspondent, observed with a grin: "This is real cowboy and Indian stuff with us taking the part of the people in the stagecoach."

A Lebanese driver took the men from Beirut to a United Nations post about five miles from the border where buildings showed signs of bombings and shooting. He refused to go any farther.

After an hour delay, a flustered driver from the Syrian side arrived in another car to complete the journey.

Ochiltree said later that the Lebanese driver shook his hand and said: "I hope you make it safely."

"Morin and I realized then the going would be sticky but we had paid our money for a rollercoaster ride and there was no turning back now with evening coming on," Ochiltree said.

"The Syrian driver with two companions in the front seat and Morin and me in the back sped for the border like a racer in the Indianapolis 500-mile event."

"Shooting began along the worst stretch of road."

"We thought we counted half a dozen shots but accurate counting was difficult under the circumstances."

"Our troubles were over when we got through the pass and came to the Syrian border post flying the United Arab Republic flag."

County Wheat Loss

(Continued from page One)
received by the Agricultural Stabilization and Conservation (ASC) Committee here sets up special discounts for wheat grading No. 4 and No. 5 and "sample" on a factor of total damaged kernels (other than heat-damaged):

Total damaged kernels:	Cents per bushel
7.1 - 8 percent	1
8.1 - 9 percent	2
9.1 - 10 percent	3
10.1 - 11 percent	4
11.1 - 12 percent	5
12.1 - 13 percent	6
13.1 - 14 percent	7
14.1 - 15 percent	8
15.1 - 16 percent	9
16.1 - 17 percent	10
17.1 - 18 percent	11
18.1 - 19 percent	12
19.1 - 20 percent	13
20.1 - 21 percent	14
21.1 - 22 percent	15
22.1 - 23 percent	16
23.1 - 24 percent	17
24.1 - 25 percent	18
25.1 - 26 percent	19
26.1 - 27 percent	20
27.1 - 28 percent	21
28.1 - 29 percent	22
29.1 - 30 percent	23

AN EXPLANATORY note says: "Price support eligibility requirements for 1958 - crop wheat changed to also make wheat grading sample because of test weight only but not less than 40 pounds per bushel eligible. Discount for such wheat is 4 cents for each pound it is below minimum test weight for grade No. 5 through 45 pounds and 6 cents for each pound thereafter through 40 pounds. This discount is in addition to discount of 9 cents per bushel presently provided for No. 5 on test weight only and also, in addition to any other applicable discounts."

The price support loan rate for No. 2 wheat is \$1.84 a bushel, but deductions for storage, handling etc., bring the net down to \$1.69 1/2 average.

Discounts for damage, are taken from the grade, based on moisture content and weight. The loan rate for No. 1 is \$1.85; for No. 2 \$1.84; for No. 3 \$1.82; for No. 4 \$1.79 and No. 5 \$1.76.

Montgomery and elevator men said not much oats or barley has been coming to market, although both grains are ripe and ready for harvest. They said, much of both will go into livestock feed.

All Filter, No Weed

CHARLOTTE, N.C. (AP)—A cigarette vending machine here sold a man a package of king-sized filters. Due to a factor, slipup, the package contained 20 long filters, no tobacco.

Daniel Beard organized the "Sons of Dan'l Boone," which later became known as the Boy Scouts of America.

Deaths, Funerals

Roscoe Shipley

NEW HOLLAND — Roscoe Shipley, 63, of New Holland died at 5 a. m. Thursday in Memorial Hospital where he had been taken in an ambulance following a heart attack at his home at 3 a. m. Monday.

Born in New Holland, where he spent his entire life, he was one of the two barbers in the village. He and his step-son-in-law, Harold Speakman, were partners in the business. He started his shop there in 1921. He also had a small farm near New Holland, in which he always had taken an active interest, although his son, James, who lives there, operates it.

He was a member of the New Holland Methodist Church. A veteran of World War I service in France and Germany, he was a member of Arch post, American Legion, here and Disabled American Veterans chapter in Circleville. He was a charter member of the New Holland Lions Club.

He is survived by his wife, Frances; his son, James R.; nine grandchildren and three great-grandchildren.

He also leaves his step-daughter, Mrs. Speakman; two step-sons, Andrew B. Wallace of Washington, D. C., and Kelsie Wallace of Washington, D. C.; two brothers, Guy and Aaron of New Holland and a sister, Mrs. Edward Anderson of West Mansfield.

Services will be held at 1:30 p. m. Saturday in the Kirkpatrick Funeral Home in New Holland by the Rev. Glenn Robinson, pastor of the New Holland Methodist Church. Burial will be in the New Holland Cemetery.

Friends may call at the funeral home after 2 p. m. Friday.

Mrs. Grant Marchant

Mrs. Rose Marchant, 90, of Milledgeville, widow of Dr. Grant Marchant, died at noon Thursday in Memorial Hospital, where she had been a patient for about six weeks.

She had spent most of her life in the Milledgeville community. She was a member of St. Columbian Catholic Church here.

Her closest surviving relatives are a sister, Mrs. Mary Zimmerman in Indiana; two brothers, Luther Chitty and Claude Chitty, both of Bowersville; three grandchildren and five great-grandchildren.

Arrangements for services in charge of the Kirkpatrick Funeral Home here, will not be completed until her brothers and sisters and grandchildren are heard from. A burial, it was said, probably will be in the Milledgeville Cemetery.

China Pig Crop Booms

TOKYO (AP)—Communist China today announced a bumper 1958 crop of pigs, 22 per cent greater than the target set by Peiping's planners. The pig population is now 184 million.

Woodpecker scalps, elephant tails, tobacco and beaver skins all have been used as money.

Mom's Kidney To Be Given To Boy, 11

BOSTON (AP)—Nils-Olov Wisell is different from most boys 11-years-old. He's small—4 1/2 feet, he's light—50 pounds. And his life hinges on a human kidney the size of your fist.

The youngster was born with only one kidney. He lost it last April when he toppled from a merry-go-round near his home in Motala, Sweden. Doctors hope to save his life in a history-making operation by transplanting a kidney from his mother.

Thus far, kidney transplants have been successful only between identical twins. All transplants between non-identical twins have been unsuccessful.

Since he was admitted to Peter Bent Brigham Hospital on July 1, 50 doctors and surgeons have been working on Nils.

More than a thousand persons—from hospitals' laboratories to laundries—are attempting to save his life. Seven hospitals have pooled their resources to help him. More than 500 persons have volunteered to donate blood.

Swedish-speaking nurses care for Nils around-the-clock. His hospital expenses are met by the Hartford Foundation.

Cards and gifts pour into the hospital daily for the tousled, tawny-haired youngster, who asks his nurses morning and night "When can I go home?"

No date for the transplant has been set.

Before Nils came here he wanted to be an airline pilot. Now, after watching television, he wants to be a cowboy.

Columbus Man, 21, Killed by Brother

COLUMBUS, Ohio (AP)—A shotgun blast at the height of a quarrel ended the life of a Columbus man today. Police are holding his younger brother for investigation of homicide.

Killed by a shot in the chest was William B. Childs, 21. Police said his brother, Joe Willie Childs, 19, fired the shot.

Witnesses told officers that Joe Willie was concealed in a room when his brother, armed with two bricks, tried to break down the door. Police said the younger brother fired one shot through the door.

Eugene Goossens Sr. Dies at Age of 91

LONDON (AP)—The patriarch of one of the world's most distinguished music families, Eugene Goossens Sr., died in a local hospital early today. He was 91.

He was conductor of England's Carl Rosa Opera company. His eldest son is Sir Eugene Goossens, a composer-conductor who led the Cincinnati Symphony Orchestra from 1931 to 1946.

A second son, Leon, is an internationally famed oboe player. Two daughters, Marie and Sidonie, are harpists.

IT'S SO EASY TO PLACE A WANT AD.

Cincy Cops Seek Slick Burglar

CINCINNATI (AP)—Cincinnati police are going around ringing doorbells—to warn residents of a slick operating burglar.

Police Chief Stanley R. Schrotel and Lt. Ernest Taylor of the burglary squad said they believe the man is responsible for a series of burglaries over the last six weeks in which loot has totaled more than \$15,000.

Officers say the man is about 40 years old.

Taylor said investigation indicates the man picks names at random from the phone book and calls. If someone answers he asks for some fictitious person. If there is no answer he goes to the house, rings the doorbell and if there still is no answer he then breaks in through a rear door.

Cabinet Officers Get Parking Area

COLUMBUS, Ohio (AP)—Cabinet row in the north parking lot of the State House will save Ohio about \$2,400 a year.

Signs designating parking spaces for Cabinet officers have been placed on the parking lot for officials who previously parked their state-owned cars in commercial garages. The state paid about \$25 a month in parking charges for each car.

"These directors have agreed to walk an extra block to get to their offices to save the state \$200 a month," Finance Director John A. Skipton said today. Most of the Cabinet members have offices in the State Office Bldg., a block from the Capitol.

Fish Fry, Dancing, Talent Show Tonight

A fish fry, dance and a talent show will be held at the Fairground here tonight.

George Blackmore, a spokesman for the Committee for the Advancement of Education in Fayette County, said that the affair will be held regardless of weather conditions.

The CAEEC, he said, is sponsoring the triple feature to raise funds to help pay the cost of a countywide school survey which had been authorized by the State Board of Education.

The fish fry, dance and show will be held in the Merchants Building on the Fairground, starting at 5 p. m.

The show, Blackmore said, will be staged on an improvised stage in the Merchants Building.

There will be music for conventional "round" dancing, square dancing and rock 'n' roll until 11 p. m.

Hearing for Tyree Is Set for Aug. 19

Ronald L. Tyree, 26, Jeffersonville, will be given a hearing Aug. 19 on mail theft charges, according to the district attorney's office in Columbus.

"Criminal day" has been set by Federal Judge Mell G. Underwood for Aug. 19. This date is set when there is a sufficient number of persons in custody requiring hearings. At this time Tyree can ask to have his case go before the federal grand jury, or he can waive the grand jury and an information will be returned against him.

On "criminal day," Tyree will be asked to enter a plea. He is now being held on a commissioner's charge. Tyree is accused of stealing money from the mails while employed at the post office in Washington C. H. as a temporary custodian.

He was arrested here by federal post inspectors on July 10.

Tyree was arraigned before a federal commissioner on July 11 when his \$2,500 was set. According to the district attorney's office Tyree is still in a Columbus jail.

'Hire Now' Drive

(Continued from page One)
should be promoted in every feasible way.

Now, therefore, I, James F. Parkinson, City Manager of the City of Washington Court House and Clifford Hughes, chairman of Fayette County Commissioners, hereby call upon all employers, upon industrial, business, financial, labor and civic groups, and upon all of the newspapers and radio stations servicing the Washington C. H. area to cooperate with the Chamber of Commerce and to further cooperate with the Ohio State Employment Service in effectively promoting this HIRE NOW campaign through exploring every possibility of additional jobs at this time and in the further interest of endeavoring to our utmost to aid and advance the total economy of our Community."

Julius Pitrat invented the computing scale.

Pilot Flying Solo Manila to Seattle

TOKYO (AP)—Distance flier Marion (Pat) Boling plugged along at a steady 125 miles an hour today en route from Manila to Seattle in an attempt to set a new nonstop record for single-engine planes.

Flying conditions were reported excellent along the entire route. Boling, a 43-year-old airline pilot from Palo Alto, Calif., hopes to make the 6,682-mile flight in 45 hours, arriving Friday morning. From Seattle he may continue on.

Stock Mart Nudges Ahead; Trading Active

NEW YORK (AP)—The stock market nudged ahead in active trading early this afternoon with steels briskly traded but irregular.

The average gain was moving into new high ground for 1958, but the advance was cautious.

Key stocks showed gains of fractions to about a point. Losses were in the same range.

As more steel companies announced price boosts, interest continued to be centered on this section of the market. Profits were taken on Wednesday's strong rise in several instances, however.

Rails continued to make new highs for the year following congressional clearance of the rail aid legislation. Some aircrafts, nonferrous metals, oils and building materials made gains. Motors, mail orders and rubbers were mixed.

Trading was heavy at the opening. The market was generally higher at the start, eased from its best levels considerably, then firmed again.

Youngstown Sheet was off more than two points for a while then halved its loss.

Lukens was about two points higher in early dealings then pared its gain to a fraction. U.S. Steel was steady. Small losses were taken by Arco and Republic Steel.

Goodrich fell more than a point. Gains of about a point were made by U.S. Gypsum and Kaiser Aluminum.

U.S. government bonds made moderate gains.

without landing to Wichita, Kan., if conditions permit.

His target is the single-engine nonstop record of 4,927 miles set by the late Capt. William Odom in 1949, flying an earlier Bonanza from Honolulu to Teterboro, N.J.

Another Vicuna

BOSTON (AP)—A vicuna coat is resting in the Boston post office, lost in the mails. The valuable garment bears no tag, wrapper or other clue indicating who sent it to whom. Supt. Timothy Donahue said if the proper claimant fails to appear, he will place it among strayed articles offered for sale in the next quarterly postal auction.

Annexation Issue Has Many Facets

Those who attended Monday's annexation hearing in the Common Pleas Courtroom are almost unanimous in their feeling that the differences of opinion on what is admittedly a highly controversial subject were intelligently aired in a truly democratic atmosphere.

This newspaper takes this opportunity to compliment the Board of County Commissioners for their businesslike conduct of the hearing; and a further word of commendation is due the spokesmen for the interested parties for the terse and gentlemanly presentation of conflicting points of view.

Under the steady hand of Commissioner Clifford E. Hughes the affair had many of the earmarks of the old-fashioned "town meeting"—the kind of folksy forum which contributed so much to the growth of our nation by providing the machinery for an orderly exchange of opinions.

After the facts, as proponents and opponents see them, were offered for consideration and after the meeting had been thrown open to everyone concerned, the Board of Commissioners withheld decision on the whole issue pending a complete review of the arguments presented.

The matter at hand requires careful consideration from many angles, and a superficial decision could wrong many citizens. We have a deep appreciation for the intelligence and the sense of justice which has been evident in past deliberations of the county board, and everyone of us should appreciate the responsibilities faced by these three public officers.

Granted that the city is badly in need of growing room, both for residential and industrial purposes, what effect would the annexation to the city of so large an area have on the tax structure of the county as a whole—on Union Township—and on the rural school district? While it has been said that the school aspects of annexation are not a matter for consideration by commissioners but rather by the State Board of Education, this segment of the whole picture cannot be overlooked at this time.

Hoss Opera Epidemic Grows

By HAL BOYLE
NEW YORK (AP)—A friend of mine had a strange experience the other night.

"I watched television for two hours," he said, "and didn't see a single horse."

This may mark a historic moment in the video industry. For come autumn, such an experience may be next to impossible.

The hoofbeats of the horse opera will echo in the nation's living rooms as never before.

Two years ago there were only 11 Western series on the major networks, last year 16. But the season upcoming will have nearly two dozen—that is, if Hollywood doesn't run out of horses and blank cartridges.

Does the sight of a galloping nag now give you a kind of queasy seasick feeling? Well, there's only one way out. You turn off your TV set and turn on your radio. Then you won't have to watch a Western program—you'll just have to listen to it.

Whether Westerns are really as popular with the people as producers and sponsors seem to think is open to argument. But there is no question they have had a tremendous impact on our current culture.

More money is spent in filming Westerns each year than was required to buy all of Alaska in 1867.

Many of us now feel more familiar with the streets of such old Western towns of Tombstone and Dodge City than we are with the streets of our own city. Many of us feel we know Wyatt Earp and Billy the Kid better than we do our next door neighbor.

The cult of the cowboy and the gunman, like the cult of bosom worship in America, sometimes seems to have gone beyond the boundaries of pure entertainment and to have approached the proportions of a national neurosis.

One veteran program chief gives this as the reason behind the epidemic of Westerns:

"TV is an escape medium. The best kind of escape is one in which you are shocked and threatened—but not in a way that really could happen to you."

"That's why Westerns succeed. You enjoy the tense feeling of watching someone walk down a street in Dodge City in 1870 to face a gunman. But one reason you enjoy it is that, basically, you know you won't have to do it yourself."

"Modern plays about the loneliness and despair every man must face in living may be great art, but they are too real. Sponsors don't like them because they

scare you out of your house and into the nearest bar."

This estimate of the situation is probably true. Watching Westerns is for many of us—like the ostrich's fabled custom of sticking its head in the sand—a way to keep from thinking about our own lives and problems. Problems we can understand, such as the need for meeting a mortgage payment; problems we can't understand, such as what to do in the Middle East.

Back of it all may be the wild hope that someday, somehow, Marshal Dillon or Wyatt Earp will get Nikita Khrushchev in their gunights and end all our worries.

You're Telling Me

By WILLIAM RITT

Some 8,000 cap makers went on strike, due to a wage controversy, for the first time since their union was founded 110 years ago. Now, that's what we call real headline news!

After lecturing a would-be burglar on the evils of crime, a Washington householder gave him \$1. What for—so he could buy a pair of ear plugs?

The bonfish, according to Factographs, gets smaller as it gets older. How do the parents make the kids behave?

North America, a science writer assures us, will get progressively colder during the next half-century. Just something else for those financially unhappy baseball club owners to worry about!

A recently developed variety of lettuce has been given the name of "slabolt." Hope it tastes better than it sounds.

Football, we read, was originated by the Spartans more than 2,000 years ago. That, opines Milt, the sterling printer, is a mighty long time for a sport to be kicking around.

Britain To Relax Red China Curbs

LONDON (AP)—A government spokesman announced today an agreement has been reached for a substantial relaxation of embargoed goods in trade with Communist nations.

The Earl of Gosford, undersecretary for foreign affairs, told the House of Lords the agreement was reached in Paris this month by a consultative group of the Organization of European Economic Cooperation.

He said the new embargo list would be published Aug. 15 and would be effective from that date.

At present there are about 400 items on the embargo list applying both to Communist China and the countries of the Soviet bloc.

Diet and Health New Aids May Help Ears, Heart, Allergy

By HERMAN N. BUNDESEN, M. D.

A NEW type of hearing aid that operates on power from ordinary sunlight, a new drug for heart disease victims and a sustained action tablet for controlling allergies are the medical advances I'd like to discuss today.

The new hearing aid is contained in a pair of eyeglasses. That's nothing new, of course, but the fact that it operates on solar energy is new.

Silicon Cells
The unit utilizes silicon cells of the same type used to power the radio transmitter in the Navy's Vanguard Satellite.

The amount of sunlight received on a slightly overcast day is enough to operate the unit entirely on free solar power without using the battery which the unit also contains.

Bright sunlight not only will operate the unit, but it also will recharge the battery. When light is insufficient, the battery automatically cuts in to operate the hearing aid.

Aid for Heart
The new heart disease aid is made in the form of capsules. They contain a group of special fat substances which reportedly lower blood cholesterol to the benefit of heart patients.

In one test, these capsules of unsaturated fatty acids produced clinical improvement in 45 of 50 victims of heart conditions. In another, they produced "satisfactory" improvement.

(© 1958, King Features Syndicate, Inc.)

ment in 29 out of 25 patients.

In addition to lowering the blood cholesterol levels, they also acted to restore blood circulation in legs, feet and hands. The new drug also prevented spasms of angina, according to researchers.

Sustained Action
The new anti-allergy drug is a sustained action tablet. Enteric coated tablets which protect drugs from attack by stomach juices have been used for some time to provide release of the drug in the intestines.

Recently, however, pharmaceutical manufacturers have developed special dosage forms described as delayed action, repeat action, or sustained action tablets or capsules.

Crystals in Core
The action of this tablet is sustained by imbedding crystals of the active drug in a core. While the core itself is insoluble, it is subject to disintegration in both the stomach and the intestines.

Thus, as the surface of the drug-bearing core dissolves, small amounts of the drug are made available in a smooth, continuous process.

QUESTION AND ANSWER
A. D. S.: Do doctors ever do blood-letting?
Answer: Yes, in certain cases of heart failure which are due to high blood pressure, dramatic results may be obtained by removing a pint or so of blood in a few cases.

No-Accident Taxi Driver Credits Loss of His Arm
MIAMI, Fla. (AP)—Twenty-seven years ago, taxi driver Howard Vaughan lost his right arm by amputation after a cut became infected.

As soon as he left the hospital, he returned to taxi driving. Now, more than a million miles later, the 49-year-old Vaughan can boast a no-accident record.

He thinks the loss of his arm

Beautiful, Meaningless Words

American policy, since the end of the war, has been one of placating enemies, often buying them off, and neglecting friends.

As a result, we are weak in friendships, many of our so-called friends actually being neutral. We have many enemies.

The administration of the United Nations, which should have no policy at all and which should exist for housekeeping purposes only, cooes have a policy.

It is that of preserving the United Nations at any cost, even at the cost of demoralizing nations after nation.

In the case of Lebanon, for instance, the fact is that Lebanon is a member of the United Nations, is a sovereign state and as such is the equal of every other member of the United Nations.

By the United Nations, in the Lebanese rebellion, has made no distinction between the government of a member country and the enemy states which are supporting, fomenting and arming a rebellion in Lebanon.

No Lebanese will agree that Dag Hammarskjöld is impartial as between Lebanon and Egypt or can it be said that he is impartial as between Egypt and Israel.

If he is objective and impartial, he has not displayed these qualities, keeping them a dark, diplomatic secret.

Perhaps this is United Nations policy which its secretary general is carrying out, namely that the peace of the world can best be maintained by destroying small states because they become targets in the Russian or Arabic or Chinese march of imperialism.

The paradox of our age is the rise of imperialism while all the world is talking about a universal peace.

Khrushchev, who heads the fastest moving imperialistic effort of these times, accuses the United States of imperialism. Speaking at a Kremlin dinner, he said:

"The ruling circles of the imperialist camp also, of course, have some kind of common views, their (minds?) work in a single direction—how to wipe the socialist state off the face of the earth and destroy communism as the outlook of hundreds of millions of workers; how to perpetuate the exploitation and oppression of the working people. But just as nature did not destine pigs to look up at the sky, so the schemes of the imperialists to destroy the countries of socialism are not destined to succeed."

Apparently, it is perfectly proper for the Kremlin to destroy the countries which are not socialist, to intrigue against governments with which it has treaties of friendship, but it becomes a heinous offense to assist once sovereign and free peoples to liberate themselves from Soviet tyranny.

Thus far, some 15 or 16 countries

By George Sokolsky

have been absorbed in the Soviet Universal State, but not a single country has been conquered by the United States.

On the contrary, since World War II, the United States has given the Philippines independence and Puerto Rico dominion status which in many respects is more advantageous than independence.

Khrushchev, in this particular speech, said:

"The friendship and unity of the socialist countries is based on a different foundation. The peoples of our countries have set themselves the aim of creating a classless society which excludes exploitation of man by man, which has no division of people into rich and poor, and in which there will be an abundance of everything necessary to man—a society in which science and technology, literature and art will achieve an unprecedented state of development. And the closer our countries stand together, the more solidly we unite our efforts and help one another, the sooner communism will triumph."

These are beautiful but meaningless words. Art and science are universal and have nothing to do with socialism or nationalism.

We read Tolstoy and Dostoevsky; the Russians read Mark Twain and Jack London; Shakespeare and Goethe belong to mankind; Beethoven, Tchaikovsky, Bach, Mozart, Rimsky-Korsakov have produced for the universe. Edison's electric light burns equally in a palace and a hut, in China, Pakistan, Moscow or New York. The atom and hydrogen bombs will kill us all without regard to nationality or benefit us all.

Khrushchev, however, lives on promises which to those who are without many of the benefits that we already enjoy, afford a swift glance into a heaven on earth to come.

That particular kind of life can be found in New York, London, Paris, Bonn and hundreds of other cities in the Western world.

Oil Company Profit Plight Labeled as Sad

But Wall Street Bulls Seem More Impressed By U.S. Debt Climb

NEW YORK (AP)—The profit plight of the oil companies makes sad reading today. But it seemingly is being shrugged off by the stock market bulls.

They seem more impressed by the world tension and the fast growing U. S. federal debt. They figure that these two things combined spell inflation — and inflation could revive oil company earnings, and others, so the thinking goes.

Oil company reports on their first six months operation almost without exception show sharp drops in earnings from the previous year. The 24 reporting so far cleared \$835,458,000 in the first six months of 1958, compared with \$1,293,765,000 in the first six months of 1957. The decline is 35.4 per cent.

The sharpness of the drop may surprise some people, the more so because the oil industry for years has been among the leaders in year-to-year gains in production, sales and earnings. What went wrong?

Among the reasons for the drop this year commonly given is that domestic demand is only slightly over last year, in comparison to gains of 5 and 6 per cent in previous years. For one thing the fuel section of the oil industry has been losing ground to the fast-growing natural gas industry. For another, the industrial recession cut back demand.

The domestic oil companies, expecting higher demand, found themselves with high inventories and have struggled all year to cut them back through reduced production. The huge stocks also have made for price weakness in some products.

And right through it all the costs of doing business have been going up—wages, transportation, materials.

The squeeze on profits, therefore, is a natural.

But there are signs that the worst may be over. First, remember that year-to-year comparison is loaded this time. It was in the first few months of 1957 that the Suez Canal crisis let the domestic oil companies make record profits. So today we are comparing recession earnings with last year's abnormally big ones.

For another thing, many oil companies now report that inventories at last seem to be getting into line. And this has led to the firming of some product prices. The rising costs factor is yet to be licked, but some report making progress.

But probably the best reasons for oil companies to feel the worst is over are the growing signs that the recession has stopped and recovery is on the way.

Nuclear Reactor Tank Delivered

SANDUSKY, Ohio (AP)—A huge steel tank which will house a nuclear reactor for research on atomic-powered aircraft and missiles is being moved into Plum Brook Ordnance works today.

Just getting the tank here from Titusville, Pa., a distance of 150 miles, was a monumental job.

The 70,000-pound tank was a week in transit, moving no faster than 25 miles an hour and traveling 375 miles on a roundabout journey to avoid main lines.

The 32-foot tank, 9 feet in diameter, is to house the core of the reactor which will be used in a search for materials that might go into aircraft and missiles of the future.

Richard Tucker, the Metropolitan Opera tenor star, was an errand boy in Wall Street before he became a singer.

NEWSPAPER ADS SPAN 60 YEARS — Changing patterns in newspaper advertising are compared by Kroger President Joseph B. Hall as the retail food firm celebrates its 75th birthday. Donna Meyer displays a Kroger ad of 1897 vintage which offers such items as two dozen pickles or four pounds of homemade sauerkraut for 5 cents! Since the company first began advertising regularly in newspapers more than 60 years ago, its sales have gone from less than a million dollars to almost a billion and three-quarters dollars a year. Sales of the average Kroger store today are nearly twice those of the entire company back at the turn of the century. B. H. Kroger was one of the first grocers in the country to tell customers about his products in newspaper advertisements. Today Kroger spends more than \$8,500,000 a year for advertising in 800 daily and weekly newspapers in 20 states.

Boy Frostbitten By Coke Machine

SOUTH BEND, Ind. (AP)—A 16-year-old youth was in a hospital today with a frostbitten hand because he was afraid to call for help after it got caught in a soft-drink machine. He said he didn't want to be mistaken for a thief.

John Polinski said the mechanism began turning after he inserted a coin but it stopped before the bottle was delivered. He opened the top and tried to extract the bottle but the mechanism started again and caught his hand.

It was some time before his plight was discovered. Firemen had to dismantle the machine to release him.

\$141 Million Building Plan For Ohio Agencies Disclosed

COLUMBUS, Ohio (AP) — Dr. Robert A. Haines, director of the Ohio Department of Mental Hygiene and Correction, today disclosed plans for a long-range building program that would cost an estimated \$141,230,000.

He would like to build a number of new mental institutions and add buildings to those already operating during a six-year period beginning July 1, 1960.

Dr. Haines said that at this time he does not know how such a program could be financed. The broad program is being put together now and will be turned over to the Capital Planning Board. New state money will be needed because next year the department will use up the balance of its share of 150 million dollars voted for state buildings.

Under Dr. Haines' proposals, the state during the first of the six years would spend 13½ millions for mental hygiene buildings. Figures for the other years, all tentative, are 22, 34, 31, 20 and 12 millions.

George D. Kester, the department's planning chief, says he does not believe all the work could be started in the six-year period because of the long time it takes to make plans.

Projects included are new mental health institutions for which no specific locations have been selected. They would be two general mental hospitals in the northeastern part of the state, one in the southwestern part and one in the northwestern section. The plans also include three psychiatric hospitals for children, one in the southwest, one in the northwest and one in central Ohio.

Sugar Grove MYF Holds Meeting

The Methodist Youth Fellowship of the Sugar Grove Church will paint the walls of the church at 4 p. m. Saturday. This decision was made at the organization's regular meeting.

David Armbrust was appointed to purchase the paint.

The business session was conducted by the president, Charles Wright. Prayer was led by Frank Berry.

A report on the softball team was given by Mike Kelly and Joy Jarrell gave the treasurer's report. Linda Cockerill called the roll.

A get well card was sent to Diane Salyer, a member who has been ill.

It was decided to pay for the paper which was used for the MYF publication and to leave the name as it is.

Pat Kelly suggested that the group have a hayride and a committee composed of Pat Kelly, Joy Jarrell and Betty Martindale, was appointed to plan it.

Refreshments were served by Jerry and Jerilyn McClain.

Paul Brunner will be in charge of refreshments for the next meeting.

Kensington Club Transfers Project

The Tuesday Kensington Club, which has in the past two years made approximately 16 dozen hand puppets for the children in Memorial Hospital, has transferred the project to the Martha Washington Committee, Daughter of the American Revolution.

Mrs. Walter Ellis has been chairman of this project.

This announcement was made at the Tuesday afternoon meeting at the club in the Country Club, for which Mrs. J. J. Kelley was hostess.

Personals

Mrs. Lillie Blair of Springfield is visiting relatives here. On Tuesday she was the dinner guest of Mr. and Mrs. Ray Cummings of near Leesburg and later in the afternoon Mrs. Blair and Mrs. Cummings were guests of their aunt, Mrs. John Dowler of the Anderson Rd.

Mr. and Mrs. Hoy Simons were Thursday guests of Mr. and Mrs. W. L. Payne of Columbus.

Miss Ellen Gillespie of Athens is visiting her mother, Mrs. Mary Gillespie, E. Paint St.

Mr. Ron Coffman, 727 Yeoman St., will be the Thursday evening dinner guest of Mr. and Mrs. Harry Phillips and daughter, Susan, of Middletown.

Sedalia Church Plans Fish Fry

The Sedalia Methodist Church will hold its annual fish fry and homecoming Friday at the Sedalia School ground.

One meal will be served at noon and another in the evening from 5 to 8 o'clock.

Games and contests will be held in the afternoon and free entertainment will be furnished in the evening.

TWO-PIECE LOOK — The diamond-shaped bodice gives this new Jantzen a two-piece look. It's modeled nicely in New York.

New Waistline Almost a Collar

French Designer Shows His Creation

By NADEANE WALKER
PARIS (AP) — Guy Laroche today put the waistline about as high as he can without turning belts into collars.

His surprisingly slim and simple silhouette is a handsome cross between the trapeze and the baby doll. It is a complete taming of the sack.

The designer left fashion writers to name his line for themselves. His skirts just about cover the knee and that's all.

Little dust ruffles are a trademark of the new Laroche creations. They appear at the hem of coats and suit skirts, under the bustline of dresses, and peeping out from under flat collars.

The designer's strongest conviction is that the silhouette must be cut as high as possible with a belt or seam, with everything free and easy from there to a short hemline. Fullness varied from a few near-sheaths to gathered or flared, but never voluminous, skirts.

The skirt top is built up high to meet it without touching the waist en route. This apparently is achieved with an interior buckram band, and the effect is something really new.

There seems to be a rule this season that the waist is sacred or untouchable. The designers must have chewed their fingernails thinking up some of the tricks they employ.

Laroche puts a leather belt right under breast pocket flaps on a tweed suit. Other belts, usually fabric, are attached to the bottom of bolero-length blouses. Some are slotted through coats at the same height. A few only underline the shoulder blades.

Although some dresses fall in gathers in front, most often fullness is kept to the back.

Necklines are either broadly bared boat necks or a deeply scooped curve.

Gold lame evening suits are popular. Cocktail dresses get real bosomy with the high waistline, the low-scooped neckline and what looks like a bit of padding in between.

Formals are floor length, ankle length or short in front and long behind.

Half a billion volumes of Scriptures have been distributed by the American Bible Society since its founding in 1816.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: I have a wonderful husband and three fine children. Except for an overtaxed budget, we have just about everything we need for a happy marriage. But after 11 years together, Harry and I have a difference that we just can't conquer. It seems

My mother stressed good manners while rearing me. My husband's mother was too busy keeping a spotless house; and she thought manners were something you pick up through associating with people. Result: my husband is on his good behavior in company; but with family, he acts crude, in my opinion.

Children learn manners from their parents' actions, I think. And though I don't feel we should maintain company behavior at all, still I believe that we should give them a consistently good example.

Things my husband does, that I disapprove, may seem small when I mention them later; but at the time, they completely revolt me. For example: He is out of town at present. But his morning our son, age 6, motioned for me to bend down, as if he wished to kiss me. Then he burped into my ear!

I was astounded and shocked, and scolded him good. He replied that daddy does that to him all the time. I try to teach the children right from wrong, good manners, and to be considerate of others. But when something like this incident happens, I feel: "What's the use?"

I am not a martinet about manners; but I try at least to give them a worthy example to follow. This is something my husband and I cannot discuss without having a quarrel. And I would much appreciate your opinion as to whether I am being overly sensitive in the matter.

P.C.

DEAR P.C.: I am sorry to say that I too am revolted by the incident you describe. Your small son's prank, imputed to his father's example, is nauseatingly vulgar.

The lad must have known (in his bones, if not consciously) that he was setting a trap to get your goat—and thus he deserved a good scolding. Let us hope that it shook him up, sufficiently to stick in his memory as a reminder never to behave so boorishly again—at least

not with you.
It is indeed true that children derive their actions and reactions from the substance of their parents' characteristic performance.

That's why I surmise that your son knew he was needing you, in playing like dad, offensively. No doubt he is aware (intuitively, if not with reasoned clarity) that there are two schools of manners: the parental level in his house—each in conflict with the other. In response to this awareness, he is impelled irresistibly to experiment with the "tabu" brand, that you disapprove. That's child nature.

So he brings trouble upon himself. He encounters the thunderbolt of your outrage—for which don't apologize. Rather I say, hurrah for your side. It is right and proper that you should be intolerant of that sort of thing. But is an instance of the child's paying, painfully, for the bullheaded selfishness of the dad who wilfully misleads him into disgusting practices.

To sum up, you're certainly not overly sensitive in your dismay; and I think you should stand your ground in any quarrels on the subject.

M.H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

Columbus Faces Hike In Electric Rates

COLUMBUS, Ohio (AP)—Columbus and Southern Ohio Electric Co. will seek higher rates for residential and small commercial customers in Columbus company President Harry M. Miller says. He gave no indication how big an increase will be asked and did not say whether the utility intends to seek higher rates in areas outside Columbus.

Fluid Lines Lead Fall Fashions

THE STRAIGHT sack will be out this year, but semi-fitted chemise and trapeze lines will flourish, according to the new fall collections being shown in New York this week. Very much in the ascendant is the bosom-emphasizing Empire silhouette, as illustrated (right) in the silk and wool dress from Claire McCordell-Townley. Another major trend—fitted in front, flowing in back—is evident in the tweed coat (left) from Christian Dior; loose back pleats form at the collarless neckline. Skirts are short, waistlines wander, bulky fabrics are favored and the purple end of the spectrum dominates, as witness the rich blue leaded plaid wool bloused-back suit (center) designed by Monte-Sano and Pruzan.

New Paris Collection Shows Necklines Taking Dizzy Dip

By NADEANE WALKER
PARIS (AP) — Necklines took their first dizzy dips of the season in the Pierre Balmain collection shown today.

It was perhaps as well that they did, for there was nothing else in the sedate Balmain collection to raise the blood pressure. He keeps skirts at the knee line, the waist up high where everybody seems to have pushed it this time, and the neckline lightly cupped.

The new decolletage, designed to give you "vertigo" (giddiness) according to Balmain, is really a double dip and owes its uplift to "an interior artifice" called the "gorgerin." It gives the bare-bosomed effect of a half-shell bra.

Balmain presents suits in two versions. One has a tunic-length jacket cupped in at the bottom of the hip with a Chesterfieldian air. This one so far has not shown up elsewhere. The other, right in this season's groove, has a very short jacket hiked up in front.

Dresses and coats often have

full, gathered-on sleeves, and this, with the tapering torso or stem, looks even more like a mushroom than Cardin's mushroom silhouette shown Monday.

For formal wear these big puffy sleeves are short or elbow length and often covered with ornate embroidery to contrast with a plain velvet sheath. Another trick is pulled off with ruffs or clown collars on dresses, and with big collars of long-haired fur on cloth coats with swinging skirts.

While he likes black as does everybody else, and also bright red as everybody else, Balmain pursues a rather lonely preference for violet. He tucks bunches of violets into the draped bosoms of some of his models. One violet chiffon floor-trailing formal has the new dizzy-dip bra top made of violets.

Paris hasn't seen so many belts in many a season, but most of them hug the rib cage and might almost qualify as "throat-upholders."

Lady Clown Shuns Ambition Of Becoming Fulltime Star

NEW YORK (AP)—The nation's makers of laughter have been pictured as a sad, psychiatric-prone lot, insecure in their fame, jobs and private lives. Then there is Jean Carroll.

In fact, the last time Miss Carroll, a lady clown, saw a psychiatrist, it was to find out what kind of an insecticide he was using on his peach trees.

Miss Carroll, in case you haven't caught her on the Ed Sullivan Show from time to time or last week on the Bob Crosby Show, is not only a comedienne, but one of the standup variety. That means she just gets up on her feet and makes people laugh.

"It's tough," she admits. "TV comes into your living room and joins you. And nobody walks around your living room with a violin tucked under his arms, plays a few notes and stops to tell a few jokes. That's fine for theater stages and night clubs, but there's no point of identification in your home."

Jean, however, has been lucky because she usually works around such homely subjects as buying a dress or fur coat from a high-pressure saleswoman, shopping at a supermarket, going to a PTA meeting—all familiar subjects to the stay-at-homes and therefore highly identifiable.

Miss Carroll, however, has more going for her than a happy format: she doesn't want to be the star on her very own weekly show. "No," says Jean firmly. "I like to be a guest—I've been on the Sullivan Show more, I guess, than almost any other comedienne. I'm not looking for stardom on television, because that's the

kind of thing that makes you slave."

Miss Carroll's allergy to a weekly show comes from a happy marriage (her husband is a theatrical agent), a 13-year-old daughter named Robin, a 4-year-old collie named Lassie, a New York apartment, a farm upstate and an enjoyment of gardening, golf, fooling around at the piano and occasionally riding horseback.

It was her gardening hobby that took her to the psychiatrist—a next-door neighbor who grew wonderful peaches while hers were wormy.

Do You Know?

Question: I recently bought an unfinished cabinet made of white pine. I want to stain it a reddish color, somewhat like certain kinds of mahogany. I have seen, A friend or mine says he put a red stain on a white pine bookcase a few years ago and got a poor result even though he followed the directions very carefully. What is your advice?

Answer: Occasionally, white pine will take a red stain fairly well, but more often than not the result will be unsatisfactory. Red stain seems to take very unevenly on white pine, producing contrasting colors on different parts of the wood. If you still plan to take a chance on using a red stain, give the wood a

SIGN UP FOR TOUR—The new "Miss Universe," Luz Marina Zuloaga (left) of Colombia, and "Miss U.S.A.," Earlyne Howell of Louisiana, sign tour contracts in Hollywood.

Circus Leopard Bites Little Girl

PERU, Ill. (AP)—A sleek leopard reached out between the bars of its cage, grabbed a little girl who got too close and severely chewed her leg Tuesday.

The leopard let go only after a circus worker leaped into the cage and beat the animal on the head with a chair.

The girl, 6-year-old Patricia Kenney of nearby Utica, was standing near the leopard's cage with seven other youngsters who had been taken to the Dwight Bros. Circus here.

She was in fair condition in People's Hospital, where doctors said none of the tendons or major blood vessels in her leg was broken.

Legion Family

NOGALES, Ariz. (AP) — Mr. and Mrs. Merrill Knapp can stay home and plan American Legion activities for the coming year.

Knapp recently was elected Nogales post commander and Mrs. Knapp was elected president of the ladies auxiliary.

Do You Know?

Question: The porcelain on our bathtub has become chipped. Can this be fixed or should I merely paint it white?

Answer: There was a time when chipped porcelain could not be patched properly by an amateur. But it now can be done with one of the new porcelain glazes. Be sure the area to be fixed is free of grease and dirt and is completely dry. Apply a thin coat of the glaze, wait 30 minutes and apply another thin coat. Keep applying these thin coats until the damaged spot is built up so that it is level with the surrounding surface. Keep some denatured alcohol on hand for wiping off any surplus glaze. And remember: you won't get too results if you try to make the patch with a single thick coat of the glaze.

Seals for sure...

THE "SELF SEALING" BRAND

See for yourself—Kerr home-canned foods taste better—look better. Two exclusive features make the difference! Only Kerr Lids are coated with clean, pure, golden enamel to protect the garden-fresh flavor of your food. Only Kerr's thick gray sealing cushion gives 22% greater sealing surface. And Kerr Lids are curved for easy testing—hear, see or feel the seal!

It's Kerr for keeps... for canning... for freezing!

coat of thin shellac first, which will help to minimize the chances of uneven coloring. But test this first on a part of the cabinet that does not show. Then if it comes out all right, you can go ahead with the entire cabinet.

George Eliot chose her male pseudonym to write her "Romola" and other great novels so that her feminine sex would not affect her literary reputation. Her name was really Mary Ann Evans.

Stinging Defeat

GLOUCESTER, Va. (AP) — Workmen replacing the roof on Ware Episcopal Church here met a stinging defeat in their first effort. Bees under the roof stung 12 of the 13 workmen. Firemen routed the bees with foamite but work had to be continued with caution with the insects airborne.

Steel, Auto Chiefs See No Boom Ahead

By SAM DAWSON
NEW YORK (AP)—Leaders of two of the hardest hit industries in the recession are throwing cold water today on the extreme optimism of those who see a new boom under way.

These steel and auto spokesmen are being as hard headed about this as most businessmen were about not being stampeded into panic by the recession.

Roger M. Blough, chairman of U.S. Steel says "improvement in the latter part of this year is not going to be as rapid as some people seem to think."

Harlow H. Currier, president of General Motors, and its chairman, Albert Bradley, say cautiously "a modest upward trend has begun."

Both companies are still silent on future pricing policies. Both

have labor cost problems—steel's wage rates have gone up this month and the motor industry is in the process of negotiating a new labor contract with a wage boost probable.

Each is in a highly competitive business with that factor weighing heavily in price decisions.

But each also depends greatly on how the general economy goes in the months ahead. And that uncertainty doubtless accounts for some of Blough's hesitation to announce quickly a price rise as other steel companies are starting to do.

The GM and Big Steel words of caution coincide with their earnings reports for the first half of the year — statements that measure just how hard the recession hit them — although in each case the two giants in their respective industries fared better

than some of their smaller competitors.

Both expect to do better in the remainder of the year but stress that just how much better depends upon how much consumer and business confidence revives.

In the first six months U.S. Steel reports a net profit of \$2.29 a share, compared with \$4.07 a share in the like 1957 period. GM's first half net income was \$1.17 a share, compared with \$1.71 in the previous year.

The pickup in the steel business in the last two months is shown in the earnings gain in the second quarter over the first—\$1.25 a share in the June quarter against \$1.04 in the March period.

GM had no such luck. Its second quarter earnings were 52 cents a share and its first quarter profit 65 cents.

When the pricing problems are

straightened out, the earnings picture should improve in the latter part of this year.

First, the comparison will be with the last half of 1957 when profits were starting to slide.

Second, business should be better, especially if the new car models click with the public—Detroit will make more cars, and profits, and order more steel.

Joke that Ballooned Has Grocer Worried

SEARCHY, Ark. (AP)—Jack Roberson was baffled when the first person came into his grocery store and said, "Here's your balloon, where's my hundred dollars."

And he was more confused when others followed, including a man who had driven 16 miles from neighboring Beebe and a woman who phoned from Concord, 30 miles away.

Finally, he figured it out. He had given gas filled balloons to scores of youngsters as part of an anniversary celebration for his store.

Diploma Evaluated In Dollars and Cents

SPRINGFIELD, Mass. (AP)—The Springfield Education Assn. has translated the value of a high school diploma into dollars and cents.

High school graduation completes a 13-year program that cost the taxpayers about \$5,000 per student, the teachers' professional organization said.

The high school graduate has an estimated lifetime earnings of \$189,000, compared with that of \$70,000 for a person of limited schooling, the SEA said adding: "The high school graduate will earn and spend 25 times the \$5,000 invested in his education."

Round about Fayette County

By B. E. KELLEY
It has been 72 years since the first attempt was made to locate oil and gas in Fayette County. Since then, 10 other attempts have been made to bring in a paying well— with the one now underway on Mrs. Beryl Cavine's farm on the Leesburg Rd.

The first well drilled in the county, was on the Coffman property, on Sycamore St., some 250 to 300 feet north of Paint Creek and on the east side of the street in 1886.

An iron pump in the well still marks the location. Gas bubbled from the well for a long time, although it was plugged at a depth of over 400 feet.

Some gas and oil were struck in

that well, which is said to have been 1,800 to 2,000 feet in depth.

But the most promising well of all was the first one drilled on West Temple St., back of the Washington Ice Co. plant, where so much oil was found that it was bailed out, 25 to 40 gallons in each barrel full, and dumped in to Paint Creek, covering the surface for 10 miles below the city.

Another well was drilled less than 100 yards west of the first one back of the ice plant and showed almost the same results.

Then one was drilled on what is now the property of the Ohio Water Service Co., near Paint Creek at the end of "lost bridge." A little oil found there but not in paying quantities.

Another well was drilled on the Coffey land immediately south of the Leesburg Rd., and east of Rattlesnake Creek. Still another was drilled on the Hains farm, a mile or more northeast of Buena Vista.

Nothing in paying quantities was found at either of these and soon after that the Almer Haigler well was sunk just south of the Chillicothe Rd. and southeast of the home of Mr. and Mrs. Glenn Smith.

Traces of oil and some gas were found at about the same depth as that at which they were encountered here.

Some 27 years ago the eighth well was sunk on the Ford land

west of Plymouth, but with out results.

So far as I know it was the only well in the county that was ever "shot" to break up the oil bearing sands and rock.

The ninth hole was drilled by Kewanee on the Edwards Hopkins farm last year. It went down 4,706 feet when the Indiana granite was struck. The tenth well on Mrs. Edgar Wilson's farm, on Miami Trace Rd. too, was without results.

Now the eleventh hole is nearing completion and there is every reason to believe the twelfth well and possibly several others will be sunk in the county in the near future.

YOUTHFUL TOURISTS

It was a Pennsylvania car, headed south on Fayette St., and as it passed for the light at East St., I noticed that a woman was at the wheel and the rear of the car was full of luggage, including some bedding.

There, sprawled over the make-

shift bed were three youngsters, the eldest of which was not over six years. All were sound asleep.

Apparently, these youthful tourists were enjoying the trip immensely if they were not seeing the scenery en route, which, however, is always a vital part to any trip.

TWENTY YEARS AGO

Government agreed to furnish \$27,000 for new school building in Jasper Township, if voters approved bond issue for \$60,000 for their share of the cost, at election Aug. 9.

Big wheat crop was harvested in community without damage by rain.

Dangerous curve on Route 70, two miles northwest of Jeffersonville, scene of many serious accidents, was being reduced by state Highway Department crew.

Jeffersonville's new water works system was rapidly nearing completion.

City's budget for next year was

fixed at \$40,500.

George W. Moore, well known retired farmer, died at 83 years of age.

Thousands of purple martins and English starlings roosting in trees on Courthouse lawn were put to flight with "horse fiddles."

Approximately 325 families were still drawing relief in Fayette County; dozens stood in line at the distribution points.

Federal agents were checking spread of Dutch elm disease in this part of Ohio.

Sam Marting was elected president of the Ohio Hereford breeders Assn.

About 120 Future Farmers from Mississippi spent the night in Memorial Hall while passing through this part of Ohio.

Japs and Russians were in serious armed clash.

Rainfall in 48-hour period here totaled 3.33 inches and caused extensive floods in streams.

Flood lights were being planned for illumination space in

front of grandstand at the Fair ground.

Much straw was being hauled from this area to the plant in Cincinnati.

Cincinnati, O. is still a great meat distributing point; but during the Civil War era it was the largest pork packing center in the world and was called "Porkapolis."

New Holland News

BY MRS. JAMES DOYLE

BIRTHDAY CELEBRATION

Mrs. Ansel Kirkpatrick Jr., honored her son Danny on his twelfth birthday July 21, by taking a group of the honored guest's friends and relatives on a tour of various places of interest.

They visited the State Highway Patrol Station at Wilmington, guided on their tour by Patrolman Dwight Holloway of Washington C. H. They also visited Melvin's Stone Quarry near Sabina, and saw Eugene, "The Stone Man of Sabina" after which the group was treated to refreshments and then returned to their homes.

Those attending were Billy Kirkpatrick, Roger Kirkpatrick, Ned Fricke, Steven Bush, Mike Eckle and the honored guest's brothers, Garry, Bruce and Randy Kirkpatrick.

SURPRISE PARTY

Billy Kirkpatrick, son of Mr. and Mrs. Richard Kirkpatrick was surprised by his parents on his eleventh birthday, Monday evening, when ball players of the New Holland Little League met at his home on S. Main Street for a hamburger fry.

The table was centered with a birthday cake, with decorations of a rodeo scene. Favors of key chains with a puzzle attached were presented to each guest.

Members of the Little League Team are Mike Eckle, Dwight Turner, Mike Doyle, David McKee, Donnie Reed, Steven Louis, Jim Rowland, Jim Graves, David Funk, Dan Wilson, Danny Kirkpatrick, Larry Hott, Terry Doyle, and Johnny Creamer. Others attending were Mr. and Mrs. Robert Kirkpatrick, and sons, Dana and Rankin; Mr. and Mrs. Larry Hunter and sons; Mrs. Ansel Kirkpatrick Jr., and sons, Randy, Bruce and Gary; Mr. and Mrs. Russell Ebert and the

honored guest's brother, Roger and sister, Jan.

PERSONALS

Mr. and Mrs. Don Adams and daughters, Janet and Gail, and Mr. and Mrs. Dwight Shaeffer and sons, Ronnie and David, combined hospitalities Sunday evening for a neighborhood hamburger fry on their lawns. Those attending were Mr. and Mrs. Lehr Hickie and children, Eileen and Richard, Mrs. Joe Satchell, Mrs. Charles Hill and Mrs. Eva Hickie.

Mr. and Mrs. Gene Creamer and children and Terry Doyle are spending a week at the Butler Springs Christian Assembly, near Hillsboro. Mr. Nelson Justice and Mr. Creamer are acting as teachers for the week.

Mrs. Vernon Gifford and Mrs. John Gifford visited Monday with their sisters, Mrs. Ray Minter and children and Mrs. Morris Stone all of Middletown.

Mr. and Mrs. James Helsel and sons Geraig and Walter Lee had as their Sunday dinner guests, Mr. and Mrs. Frank Slager of Bloomingburg and Mr. and Mrs. James Doyle and daughter, Eileen. Mrs. Joe Satchell was a Friday evening supper guest of Mr. and Mrs. Calvin Shaeffer and family of Atlanta. The occasion was in honor of Mr. Shaeffer's birthday.

JOINS NATIONAL GUARD

Mr. Thomas Leonard Slager, son of Mr. and Mrs. Leonard Slager of near Washington C. H., enlisted in the National Guard and left Sunday morning for training at Ft. Knox, Ky.

Mail planes, when they began service 20 years ago, landed at dusk and transferred their mail sacks to trains for overnight transportation. Nevertheless, this fly-by-day system cut 22 hours off the coast-to-coast mail service.

Poultry Prices Down this Week

Fruits, Vegetables Also Good Buys

By THE ASSOCIATED PRESS

Broiling and frying chickens stay in the food spotlight this week thanks to a tried and true formula: big supply and low prices.

The birds are down from 2 to 10 cents a pound in some areas. Prices very from place to place. Heavy numbers of chicks currently being fattened up for market guarantee heavy supplies until at least Labor Day. After that the normal seasonal downturn is expected to keep fryers at bargain levels for some time to come.

Egg prices, however, are up 2 to 6 cents a dozen, with the increase laid to seasonal factors.

Not all stores are featuring chickens, of course. Leg of lamb, turkey, chuck roast and ham also come in for the feature treatment.

Supplies of fresh fruits and vegetables continue to be plentiful. Best buys in the vegetable bins, produce men say, are cabbage,

Youth Baseball Benefit

'Fayette County Night' Tickets Now Available

Tickets are now available for "Fayette County Night" at Jet Stadium, Columbus, which will be Wednesday, Aug. 13.

For the second straight year the Columbus Jets of the International League, have set aside one night of the season to give the Little League and Babe Ruth League of the city and county a good chance to make money.

On this special night, all the players in the two leagues in uniform, and their team managers, will parade around the stadium before the start of the game.

The Jets will be hosts to Toronto, currently in second place. The Jets are in fourth place. Between 400 and 500 players are expected to go from here. They will march around the field led by the Washington C. H. High School band under direction of Robert Neuman.

THE PLAYERS THEN

will watch the game from special reserved seats. All of the seats between home plate and first base will be reserved for Washington C. H. and Fayette County people who go to the game. Ralph Bray, in charge of ticket distribution for the downtown area, said they may be purchased for \$1.50. From each ticket sold, the leagues will receive 50 cents. This money will go toward baseball supplies, equipment and for the upkeep of the ball parks.

Two thousand tickets have been

Doctor Is Convicted Of Abortion Charge

YOUNGSTOWN, Ohio (AP)—Dr. John E. Allgood, a physician in New Middletown for 11 of the 23 years he has practiced, was convicted of abortion Wednesday by a Mahoning County Common Pleas Court jury. He denied performing an abortion on a Pennsylvania woman a year ago. Pending a mo-

tion for a new trial, Judge John W. Ford withheld sentence, which could be 1-7 years in prison.

IT'S SO EASY TO PLACE A WANT AD

Registration Ordered

COLUMBUS, Ohio (AP)—Allen County has become the 23rd county in Ohio to require countywide registration of voters, Secretary of State Ted W. Brown announced.

Bender's Predictions Fail To Include Own Political Plan

By JAMES B. SIBBISON
WASHINGTON (AP) — The Anchorage (Alaska) Daily Times had a big story for its readers last Jan. 28. It was printed under a banner headline on the front page: "Bender Sees Statehood in June."

The occasion was a visit to Anchorage by George H. Bender, former Ohio Republican senator, in his job with Secretary of the Interior Fred Seaton as a promoter for Alaskan statehood.

"I'm a natural optimist, but I'm a realist, too," Bender told the Alaskan reporters. "I believe we'll have statehood this year."

Bender's prediction was almost exact. He said the House would pass the Alaska bill by June 1. The actual date was May 28.

But by that time Bender had quit his Interior Department job. About his last complaint on that job was that too many Ohio House Republicans were violating their party platform by opposing Alaskan statehood.

Today, for the first time in years, Bender's name will be missing from ballots in Ohio. Don't bet, though, that it will never be there again.

It's true he's spending more time than previously in private business—in his insurance firm in Cleveland and in advertising and sales for various concerns, in both his Cleveland and Washington offices.

But, "Politically, I expect to be just as active as ever," Bender told a reporter. "I'm vice chair-

Polk Explains Opposition to New Pensions

WASHINGTON (AP) — Ohio's James Polk, the only northern House Democrat to oppose \$25,000 annual pensions for ex-presidents, said today he can't see where they need the money.

"It is agreed the two living ex-presidents (Harry Truman and Herbert Hoover) do not need this legislation," Polk told a reporter. "There is no evidence that President Eisenhower, upon his retirement, will need the benefits provided."

The House passed the pension legislation Wednesday on a standing vote.

Polk said the personalities of those who might get the money had nothing to do with his opposition. It is just an inopportune time, he said, with the national debt nearing 300 billion dollars, to pass the legislation.

"I'm a personal friend of Harry Truman," he said, "and I know Mr. Hoover, too. I served in Congress in 1931 and 1932 when he was president."

CONTRASTING MOVIES -- Twin bill booked for Sunday and Monday at the Chakras Drive-In Theater combines comedy, spiced with feminine pulchritude, and thrills, a la wild West. For the comedy, there is Jayne Mansfield in "Kiss Them for Me" and for the thrills, there is "The Stranger with a Gun," starring Glenn Ford.

BY MRS. JOHN MORGAN

JUNIOR MYF MEETS

The Junior MYF met at the Methodist Church Sunday at 7 p. m. The president, Gerald Lee Merriman, called the meeting to order.

Mrs. Bernice Crowe led the devotions with Cheryl Waddell leading in prayer.

Sandra Merriman gave the secretary's report and Helen Williamson had roll call and gave the treasurer's report.

During the business meeting, a picnic was planned for the next meeting which will be August 17 at the home of J. P. Morgan.

Refreshments were served by Cheryl Waddell and J. P. Morgan. Cheryl gave the invocation.

Members present were Helen, Barbara and Billy Williams, son, Sandra and Gerald Lee Merriman, Betty and Helen Anderson, Wanda and Darrell Ankrom, David and Lynn Jenkins, Cheryl Waddell and J. P. Morgan. Duane Young, of Martinsville, and Jim Roy Glass were guests. Mrs. Bernice Crowe and Mrs. Thomas Ankrom, advisors, were present.

SENIOR MYF MEETS

The Senior MYF met at the home of Charles Morgan Monday evening.

The meeting was called to order by the president Helen Louise Sheeley. Mrs. Richard Jarvis led in prayer and had charge of devotions.

The secretary's report was read by Glenn Rankin. Ruth Ann Sheeley called the roll and gave the treasurer's report.

The group purchased six song books to be used for their meetings and decided to buy six more as the group membership is increasing.

Discussions centered about different ways of making money for the youth fund.

Mrs. Jarvis was in charge of the Bible study period, taking 25 verses from the Book of St. John. A question and answer period followed.

The meeting closed with the MYF benediction.

Refreshments were served to the following members, Hugh and Marcella Zimmerman, Ruth Ann and Helen Louise Sheeley, Frances and Vernon Klontz, Linda Young, Joan and Jackie DeWeese, Kathy Allen, Glenn Rankin, Mrs. Jarvis and daughter, Joan, Judy Blair, and Charles and J. P. Morgan.

BOY SCOUTS MEET

The Milledgeville Boy Scout Troop 303 met Tuesday evening. Scoutmaster, Donald Hodge was in charge.

Frankie Yoakum and Billy Creamer gave the usual reports.

Vernon Klontz reviewed how to measure the height of telephones poles. Johnny Minton explained how to find directions using a compass.

The troop purchased a new tent last week to be used for its next camping trip. The tent has been set up so the Scouts could see what they purchased with money received from their recent scrap drive.

A recreational period followed the meeting.

Scouts present were Frankie Yoakum, Johnny Minton, Johnny Bartruff, Vernon Klontz, Roger Hodge, Billy Creamer, Ricky Huff, Curtis Hiser, Glenn Rankin and J. P. Morgan. Johnny Hodge, Kenny Hodge and Johnny Rankin were guests. Adults present were Scoutmaster, Donald Hodge, Robert Creamer, Eugene Klontz and John Morgan.

PERSONALS

The Sears family held a get-to-

gether Sunday at the home of Mr. and Mrs. Junior T. Satterfield and family of Cincinnati.

Those attending were Mr. and Mrs. Bobby Lee Creamer, Columbus; Mr. and Mrs. Roger Klever and girls, Cedarville; Mr. and Mrs. Ronald Marshall and children, and Kenny Davis of Alpha; Mrs. John Reese of Jamestown; Manford Sizemore, Mrs. Roscoe Sears and daughter Beverly, Jeffersonville, and Mr. and Mrs. Robert Creamer and children Barbara, Bonnie and Billy.

Sara and Sammy Sollars, Good Hope, spent a few days with their grandparents, Mr. and Mrs. H. R. Allen.

Sunday dinner guests of Mr. and Mrs. Russell Klontz and son, Kurt, were Mrs. Blanche Landrum of Washington C. H., Mr. and Mrs. Eugene McLean and Mrs. Floy Ferguson.

Mr. and Mrs. LeRoy Bennett moved recently to Jeffersonville.

Joyce Eltzroth, Xenia, is spending the week with Barbara and Bonnie Creamer.

Duane Young, Martinsville, is visiting Mr. and Mrs. Dale Anders and children, Linda and Danny Young.

Mrs. Richard Jarvis and daughter, Joan, spent Wednesday in Albany.

Sunday guests of Mr. and Mrs. Harry Hiser were Mr. and Mrs. David McIntosh, Columbus, and Mr. and Mrs. W. P. Noble, Bloomington.

Mrs. Charles Wisbey and son, Jerry, and Mrs. Charles Welch and children, Ronnie, Jimmy and June of Cincinnati, spent Friday with Mrs. Wisbey's parents, Mr. and Mrs. Hoyt Bock.

Penny Rankin spent Monday afternoon with Sara Sollars.

Mr. and Mrs. Roger Creamer and family, moved from the Estep property on Church St. to the Creamer property on Main St. recently. Mr. and Mrs. Clarence Estep expect to move to their own home soon.

BAPTISM HELD

Four generations were present for the baptism Sunday of Kurt Klontz, son of Mr. and Mrs. Russell Klontz, in the Milledgeville Methodist Church. The Rev. Rich-

Plenty of Roughhousing Expected in Alan Ladd Film

By BOB THOMAS

AP Motion Picture Writer
HOLLYWOOD (AP)—Alan Ladd looked quite natural — he was a mess.

His clothes were ripped, his face scratched and stained with makeup blood. He had engaged in yet another film fight, this time for his latest movie, "Man in the Net."

Those present were the parents and grandparents, Mr. and Mrs. Eugene Klontz, Sabina, and Mr. and Mrs. Eugene McLean, Milledgeville. Also present was his great-grandmother, Mrs. Floy Ferguson, Milledgeville. Others present were his aunt, Frances Klontz and uncles, "Ermon" and Roger Klontz and his great aunt, Mrs. Blanche Landrum, Washington C. H.

Kurt also has two other great-grandmothers, who were not present, Mrs. Goldia Harper, Sabina, and Mrs. Ersel Klontz, Jamestown.

Unfortunately, statistics are not available. But if the publicists were on their toes, they'd come up with some figures. For instance, they could hazard that Ladd has thrown 10,000 punches for the screen, has bested 150 opponents with no significant defeats and has expended 100 pints of Max Factor's No. 5 blood.

At any rate, I sat down for a chat with Ladd on film fisticuffs. Did he ever make a movie without a fight?

"Only one that I can think of," he replied. "That was 'And How Tomorrow' with Loretta Young. I played a doctor in that one."

The rest of it has been bluff! bam! pow! in all the pictures. The movie patrons expect it of him, I guess, just as they expect Fred Astaire to hoof and June Allyson to cry.

His toughest opponent?

That was Ben Johnson in "Shane," Alan replied. "He knew what he was doing. We worked three weeks on that fight in the barroom."

The danger in film fights is in taking on greenhorns who don't know how to fake their punches. Some of the New York actors come out here with notions of reality and want to throw real punches. Then the opponent can get hurt.

"That's why I have my own stunt man on every picture — Paul Baxley," Ladd declared. "We generally do the fights together, and he puts on a black wig or a red wig or whatever is needed to double for the other actor. Paul and I could fight all day without landing a blow on each other."

There are tricks, you see, of arranging the camera angle so you don't see the space between the fist and chin. So when the roundhouse swing is made, the victim throws his head back, a cracking sound effect is heard and it looks as if a savage blow has been struck.

It's not all harmless child's play, however. Ladd bears the scars of many a battle that went

awry. In "Saskatchewan," a misdirected blow broke four of his ribs. He fell on the ground during an "Iron Mistress" battle and drove a nail into his back. Many times he has banged up his hands.

Cleveland Milk Price To Go Up by Cent

CLEVELAND (AP)—Milk will go up a cent a quart here Friday, dairies said today. That will increase home-delivered milk to 23 cents a quart. The increase has no connection with the northern Ohio milk strike ended earlier this week. It results from a 45-cent-a-hundredweight advance under the federal marketing order formula.

Work Time Increased

YOUNGSTOWN, Ohio (AP) — Salaried workers of Youngstown Sheet & Tube Co. were returned to a 40-hour week Wednesday. They had been on a four-day week since March 15.

Japanese Woman Cops Speed Title

WASHINGTON (AP)—Joe Vavoli of Cleveland, Ohio, has lost his title as round-the-world speed champion of commercial air travel to a 30-year-old beauty from Japan, Karou Kanetake.

Cavoli flew around the world by airlines—20,400 miles—in 89 hours and 18 minutes last February. Scandinavian Airlines System

said Miss Kanetake left Tokyo last Thursday, flew SAS all the way—18,580 miles—and returned home 73 hours and nine minutes later.

The only Revolutionary battle fought on Delaware soil was at Cooch's Bridge, Del., on Sept. 3, 1777.

California Due For Big Gain In Congress

WASHINGTON (AP)—The Census Bureau said today California may gain seven seats in Congress after the 1960 census—more than twice as many as any other state. Projecting expected shifts in population, the bureau said 9 states are likely to get bigger delegations and 14 probably will lose seats as a result of the reapportionment which will be made after the 1960 head count. In most cases that will involve redrawing dis-

trict lines. Sometimes, however, an extra congressman is elected at large. All the changes will be in the House of Representatives which has a permanent legal membership of 435. Each state by law has two senators, regardless of population. The projection indicated California's House delegation will increase to 37 members from the present 30.

Senate Bill Gives Relief To Railroads

WASHINGTON (AP)—A bill making it easier for railroads to borrow money, abandon trains and adjust rates passed the Senate Wednesday.

The compromise measure, reconciling differences in previously passed Senate and House versions now goes to the House for final legislative action, possibly today. As worked out in conference it includes:

1. Authorizes government guarantees of 15-year commercial loans up to 1/2 million dollars for capital investments, equipment and maintenance. It bars payment

of dividends on either preferred or common stock during the life of loans obtained for maintenance.

2. Arms the Interstate Commerce Commission for the first time with full authority to order the discontinuance of a train crossing state lines if it finds the train does not serve public convenience and necessity or imposes an undue burden on interstate commerce.

3. Gives the ICC authority to discontinue a service even if it operates wholly within a state, where a state regulatory body fails to act, if the ICC determines the service is not essential to public convenience and necessity or constitutes a burden on the line's interstate operations.

Seminole County, Fla., produces one-fifth of all the celery grown in the U. S.

Other states which are expected to make major gains are Florida, Michigan and Texas.

Major losers probably will be New York and Pennsylvania. The bureau said they are likely to lose three seats each.

Arkansas and Massachusetts would each lose two seats under the new projection.

The census figures indicated a gain of three seats for Florida and two each for Michigan and Texas. They showed probable gains of single seats for Arizona, Indiana, Maryland, Ohio and Oregon.

In addition, Alaska will have one House member when it formally becomes a state. This was taken into account in the projection. However, the census statisticians made no allowance for the possibility that Hawaii also may become a state by the time House seats are reapportioned.

The bureau said losses of one seat are in prospect for each of the following states on the basis of present calculation: Alabama, Georgia, Illinois, Iowa, Kansas, Maine, Minnesota, Mississippi, North Carolina and West Virginia.

The 1960 census will be taken starting April 1, 1960.

The Census Bureau now estimates the total population in 1960 will be about 180 million. It was 151,132,000 in 1950.

Pipe Smoking Contest Slated

FLINT, Mich. (AP)—The world's most placid contest will be held here over the weekend.

Pipe smokers from all over the United States — probably 75 to 100 of them — will stoke up with a special contest blend and puff away for the 10th world championship Saturday.

The rules are simple. Light up and have at it. If it goes out after the first minute, you're out. The last man puffing is the winner. Last year's champion, Harold R. Soden of Lake Placid, N.Y., kept going for 70 minutes 15 seconds.

Taxpayer's Ring To Be Auctioned

SAN FRANCISCO (AP)—A conscience-stricken taxpayer's diamond ring will be auctioned off by the federal government.

The ring was mailed from Coquille, Ore., three weeks ago to the Internal Revenue Service office in Portland. With the ring was a note explaining: "I feel I owe more taxes to the government than I have paid. This ring may satisfy the deficit. (signed) Careless."

General Service Administration officials appraised the ring at \$200.

WCH Stars Are Nosed Out At Hillsboro

The Washington C. H. Little League All-Stars were nosed out 1 to 0 by the Hillsboro All Stars in extra inning game at Hillsboro Wednesday night. The twice-postponed game was to raise money for the Hillsboro Hospital.

After six innings, the game was tied 0-0. Hillsboro tallied its run in the last of the seventh when the first two batters singled the third man bunted and a wild throw was made to first base permitting the winning run to go across.

In a well-played game, only three errors were made, one by the Washington C. H. squad and two by Hillsboro.

Washington C. H. had plenty of chances to score but failed. The bases were loaded in the first inning with two out and after that, there was a runner on every inning except the fifth.

DICK SCHLUE was a shining light for the WCH boys. He batted out a triple, the only extra base hit, in the fourth inning. But there were two out and he was stranded.

Naylor started on the mound for Washington C. H. After two innings, he was relieved by Henderson. Mickle took over in the fifth and hurled the last three frames.

Fletcher and LeMaster were robbed of hits when their hard line drives were snatched by the Hillsboro pitcher. Naylor, Jones and Lambert picked up the other three hits for WCH.

Cluff, the winning hurler, fanned 12 batters and walked only one.

Everybody on the WCH squad played in the game. The managers were John and Stan Mark.

HARTACK RIDES AGAIN—Willie Hartack, champion jockey at flat racing, soars over an obstacle as he rides Mielalson to victory at Monmouth race track, Oceanport, N. J. It was Willie's first hurdle race test.

Former WCH Fisherman Catches Prize Pickerel

Harry Warfield of Dayton, a former resident of Washington C. H., passed along to his friends here that "pickerel are starting to run in Lake Erie, so go up and get them."

In his brief note to the Record-Herald he said he caught a prize-winner for the past month (presumably June) in the Sandusky Fishing Contest. It was a pickerel 25 3/8 inches long and weight 6 1/4 pounds.

Jim Brown To Be Big Aid to Brown

HIRAM, Ohio (AP)—Brown believes Brown will be even better for the Browns this year.

In other words, can sophomore fullback Jim Brown fulfill the expectations of Cleveland Browns' coach and general manager Paul Brown? The latter thinks he can.

"With that one season behind him he'll have more confidence, although he had plenty of that as a rookie," the veteran coach said. "That experience can't be over-estimated."

"Yes, I'm expecting Jim to be an improved player."

A look at Jim Brown's 1957 record shows that will take some doing. The swift Negro fullback from Syracuse led the National Football League in rushing and was selected as the rookie of the year. He also set a new league mark for yards gained rushing in one game with 237 against the Los Angeles Rams.

Brown reported to the training camp here after spending the off season in Army training at Fort Benning, Ga. He is in excellent shape and even surprised the coaches the other day with the fastest clocking over 40 yards in the initial time trials by players. He did it in 4.5 seconds.

The fullback says he, too, looks for improvement this season. "For one thing I should handle

my blocking assignments better," he explained. "Then, too, I know more about what we're trying to do."

"It's a good sized jump from college to pro football. You just don't learn it all in a year."

Lord Steward Tops Harness Winners

VERNON, N. Y. (AP) — Lord Steward, 11-year-old gelding owned by Ralph H. Kroening of Milwaukee, today tops the money winning list for harness horses.

The veteran campaigner boasted his total earnings to \$336,177 Wednesday night when he finished fifth and picked up \$200 in an elimination heat of the Empire State Trotting Classics at Verndowns. Speedster won the heat in two minutes flat for the fastest trotting mile of the year. He came back later and won the race-off in 2:00 1-5.

Lord Steward passed Adios Harry, a pacer who earned \$335,990.

CHARLEY DRESSEN

WALTER ALSTON

DRESSEN IN, ALSTON OUT?—The rumor mill has Walter Alston heading for the skids as manager of the Los Angeles Dodgers, due to that team's consistently poor showing this season. Most likely choice to replace him is believed to be Charley Dessen, veteran baseball man, who piloted the then Brooklyn Dodgers until 1954 when Alston replaced him.

Webb Chalks Up TKO on Suzina

NEW YORK (AP)—A week ago Spider Webb was a 173-pound fisherman on vacation. Wednesday night he was a sharp-punching 162 1/2-pounder who stopped Germany's Franz Suzina on a technical knockout in 1:20 of the seventh round at Madison Square Garden.

As a result of this quick switch, the high-ranked Chicago fighter now is in line for a Sept. 1 benefit show in Pittsburgh with Joey Giardello. He also has an offer for an early September match in Salt Lake City with Gene Fullmer, the ex-champ for whom he substituted against Suzina.

Youth, 16, Leads Skeet Shootoff

PONTIAC, Mich. (AP) — Ken Sedlecky, 16, Baldwin, Mich., was leading today in the overall National Skeet Championship with only one more event to go.

"What can I do
about
this pain?"

Customers often ask questions like this. And every year we sell perhaps a ton

of pain relievers. Relievers. That's the point. We can sell simple analgesics, but we can't prescribe drugs to eliminate the cause of pain. Diagnosing and prescribing are in your physician's province. We, as professional pharmacists, work with doctors, providing the drugs they order. So, if you have any kind of a persistent pain, see your physician. We shall be pleased to provide any medication which may be prescribed.

Spahn Finally Has Proof He Can Defeat Dodgers

By THE ASSOCIATED PRESS
Warren Spahn, Milwaukee's brilliant southpaw, can look his critics right in the eye today. He has proved he can beat the Dodgers. After seven years of frustration, the 37-year-old left-hander hurled Milwaukee to a 4-3 victory Wednesday night over Los Angeles that put the Braves back into first place.

It was his first triumph against the Dodgers since Sept. 25, 1951. They've beaten him eight times since then.

Cincinnati, behind Bob Purkey, dumped the Giants into second

Pros Tee Off In \$50,000 Chicago Open

CHICAGO (AP)—Big time golf pros today attacked par in the \$50,000 Chicago Open.

The 6,350-yard Gleneagles Daily Fee course with its modest 35-70 standard provides a perfect target for the par-wrecking crews.

Rolling, closely-cropped, unwatered fairways mean the meet will be decided on the greens, which, for the most part, tilt like nothing seen before by the touring brigade.

"Did you ever putt and have the ball roll back at you? asked Sam Snead. "It can happen here."

Snead, however, hooked up a 64 in Wednesday's practice, as did Don January.

The course record of 63 appears doomed. The pros are guessing that anywhere from 261 to 270 will take the top prize of \$9,000 when the 72-hole windup comes Sunday.

Some of the favorites in a field of 151 include Tommy Bolt, Art Wall Jr., Snead, Dow Finsterwald, Arnold Palmer, Jack Burke, Bob Rosburg, Doug Ford, Julius Boros, Peter Thomson and Jay Hebert.

WCH Team Wins In Men's Softball

Roger Grim hurled the Washington C. H. team to a 7 to 3 victory over Staunton Wednesday night in a Men's League softball game at Community Park.

Staunton was able to collect only four hits, two of them by Dave Boswell. The winners picked up nine safeties. Their attack was paced by Sonny Kimball, Tom McCoy and Roger McLean, who got two apiece.

Wendall Kimball banged out a four-bagger for Washington C. H. Grim struckout three and walked five. Kimmy and Shields handled the pitching duties for Staunton.

First Federals Win one, Lose One

The Redlegs blasted the First Federal outfit, 13 to 3, in a Little Minor League game Tuesday night.

Wednesday night in a Little Minor League contest at Armbrust Field, First Federals defeated the Chows, 11 to 4.

Lineups were not available.

READ THE CLASSIFIED ADS

place with a 5-1 victory. Pittsburgh climbed to the 500 mark with a 7-1 triumph over Chicago in a game limited to 7½ innings by rain. Philadelphia defeated St. Louis 5-1.

Felix Mantilla and Eddie Mathews drove in all Milwaukee runs against loser Sandy Koufax. Mantilla drove in the first three runs with a home run and a sacrifice fly. Mathews' circuit smash, his 21st, came in the eighth and snapped a 3-3 tie.

Purkey allowed the Giants only five hits and drove in two runs in gaining his 13th victory. Walt Drope and Pete Whisenant homered off loser Johnny Antonelli.

Hank Foiles' three-run homer helped rookie Red Witt gain his fourth triumph in six decisions for Pittsburgh. Taylor Phillips dropped his fifth for the Cubs.

Willie Jones' 10th homer helped the Phillies make it two in a row over the Cards. Jack Sanford outpitched Billy Muffett for his seventh success but he needed help from Dick Farrell in the seventh.

There it is again. Shunted players coming back to haunt you. It happened on three occasions Wednesday.

In Kansas City, pitcher Bob Grim, shipped there by New York in a trade last June, gained his first victory for the Athletics. It was against the Yankees. Grim hurled a shutout to boot. He held his former teammates to three hits in a 2-0 game, shortened to 4½ innings by rain.

In Detroit, right-hander George Susce, sold by Boston to the Tigers earlier this season, hurled a 2-1 victory against the Red Sox. Susce gave up seven hits and held Ted Williams hitless.

In Cleveland, triples by ex-Baltimoreans Larry Doby and Billy Hunter figured in the Indians' two scoring innings as the Tribe defeated the Orioles 6-3. Pinch hitter Doby's three-bagger drove in the first of Cleveland's four runs in the sixth, erasing a 3-0 Baltimore lead. Hunter drove in a run with his seventh-inning triple and he scored on a squeeze bunt.

Chicago climbed into a third-place tie with Baltimore, outlasting Washington 11-9 in a slugfest. Chico Carrasquel's first-inning home run and fourth-inning doubles by Roger Maris and Hal Smith produced the runs which spelled Yankee Don Larsen's fifth defeat against seven victories.

Al Kaline tripled and scored on an infield out as Detroit snapped a 1-1 tie in the eighth. Ike Delock was the loser.

The Indians had tagged Arnold

Purkey Keeps His Mastery Over Giants

CINCINNATI (AP) — It isn't likely Bob Purkey ever will make baseball's Hall of Fame but he probably would if he could devote all his talents to pitching against the Giants — whether their first name be New York or San Francisco.

Purkey, who never has had more than a mediocre record until this year, now has allowed the Giants only one run in 51 innings since May 7, 1955.

They got that one run Wednesday night to break a string of 46 scoreless innings against Purkey but his Cincinnati Redleg teammates went on for a 5-1 victory.

The defeat was doubly hard for the Giants to take because it knocked them out of first place in the National League by one percentage point.

To add insult to injury, Purkey, who never has been known as a hitter, rapped out a single with the bases loaded in the eighth inning to drive in two runs that helped lock up his 13th pitching victory of the season against 6 defeats.

Ohio Bell Boys Trowned by NCR

The NCR boys scored five times in the fifth to go ahead and win from Ohio Bell, 8 to 2, Wednesday night in the Men's Softball League at Community Park.

Cornell and Beck led the NCR offense with two hits each. Cornell slammed a round-tripper.

Ohio Bell was limited to two hits and Graves and Hill picked them up.

Evans, the winning pitcher, fanned five and issued five walks. Hall and Hill were on the mound for Ohio Bell.

Big Turnout Of Golfers on Ladies Day

Mrs. Willard McLean again paced the girls in the ladies day golf Wednesday at the Country Club with a neat 52.

Mrs. Carl Mason and Miss Kristin Himmelspach tied for second place with 56s and Mrs. Ralph Bray was next with 57.

Mrs. Dwight Coffman had the low net score (actual minus handicap) of 35 and Miss Kathleen Davis was second with 36. Mrs. Max Lawrence, Mrs. Paul Pennington, Mrs. Robert Hagerty, Mrs. Richard Willis Sr., Mrs. B. B. Deuser and Mrs. Neil Helfrich all were tied for third place with 37s.

Other net scores were Mrs. Paul Cummings 49, Mrs. Robert Link 40, Mrs. George Kratz 45, Mrs. William Harbeck 40, Mrs. Frank Dawson 44, Mrs. Frank Wells 40, Mrs. Mason 39, Mrs. Ray French 39, Mrs. Jess Carter 32, Mrs. Marvin Roszmann 42, Mrs. Harford Hanks Jr. 39, Mrs. Oma Schwartz 50, Mrs. James Martin 39, Mrs. Howard Harper 43, Mrs. William Junk 39, Mrs. Gene Sollars 46, Mrs. Bray 40, Mrs. McLean 40, Mrs. William Clifton 39, Mrs. Mary Gillespie 38, Mrs. Roger Littleton 42, Mrs. A. Ace McNeil 38, Mrs. Byers Shaw 39, Mrs. Harry Townsend 51, Mrs. J. O. Garringer 40 and Mrs. Jean Hollenback 39.

FORTY WOMEN teed off for the morning's round of golf—one of the biggest ladies day turnouts in a long time, despite the rain-softened fairways. Not all of them recorded their scores when they came in.

Mr. Wells, a guest from Chillicothe, took putting honors with 12 strokes on the greens. Mrs. Bray and Miss Ellen Gillespie a guest from Athens (score not recorded) tied for second with 15 apiece.

Mrs. Link had the most 7s, Mrs. Dawson the most 8s and Mrs. Bart Mahoney (score not recorded) won the award for the most honest golfer.

For a change of pace socially, the women gather at 8:30 a. m. for breakfast of coffee and sweet rolls. Luncheon at noon is the regular custom.

Lentz's No-Hitter Wins for FOPA

Backed with a no-hitter by Lentz, the FOPA boys whipped the Thunderbirds, 11 to 1, in a Little Minor League game at Wilson Field Wednesday night.

The FOPA picked up a total of 7 safeties, two of them by Lentz. Haines tallied the only run for the Thunderbirds.

Players, with positions, runs scored and hits made, were: Thunderbirds — Taylor 3b 0-0, Pope 2b 0-0, Pusket c 0-0, Cline ss 0-0, Fortier 1b 0-0, Coldiron 0-0, Haven lf 0-0, L. Sowders cf 0-0, Penwell p 0-0, Pearson slf 0-0, Wilson rf 0-0, Haines slf 1-0, J. Sowders and Jenkins.

FOPA — Grubb slf 1-0, Enochs 2b 2-1, Foraker 3b 1-0, Washburn cf 2-1, Kilgore lf 1-0, Moore lf 1-1, Lentz p 1-2, G. Justice ss 1-1, Kerns rf 0-0, R. Satchell slf 0-0, Shoults c 0-0, G. Justice 0-0, Haynes, Schneider and Willis.

IN MEMORY
EMERSON HAVENS
In loving memory of our dear husband and father, Emerson Havens who passed away July 29, 1957.
From this land of pain and sorrow,
To the land of peace and rest,
God has taken you dear daddy,
Where you have found eternal rest.
No one knows how much we miss you,
None but aching hearts can tell.
Lost on earth, but found in Heaven,
God doeth all things well.
We often said we would miss you,
And these words have proven true.
We miss you best, our dearest best,
Dear Dad when we lost you.
You bid us no one a last farewell,
Or said good bye to none.
Your loving heart had ceased to beat,
Before we knew you had gone.
You did not fail to do your best,
You worked so hard for us.
We knew that you loved us too,
Your heart was kind and true,
You'll never be forgotten by
Your Wife and Children.

IN THE PROBATE COURT, FAYETTE COUNTY, OHIO

John S. Bath, Administrator of the Estate of Richard Cousins, aka Richard Cousins, deceased, Plaintiff, vs. Thomas Cousins, et al, Defendants, No. E-5984.

LEGAL NOTICE

The unknown heirs at law and next-of-kin of Richard Cousins, also known as Richard Cousins, will take notice that John S. Bath, Administrator of the Estate of Richard Cousins, deceased, on the 9th day of July, 1958, had his petition in the Probate Court of Fayette County, Ohio, alleging that the personal property of said decedent is insufficient to pay his debts and the costs of administering his estate; that he died seized in fee simple of the following described real estate, situated in the counties of Ross and Pike, to-wit:

FIRST TRACT: Situate in the State of Ohio, in the County of Pike and Township of Peblee; Being part of J. Hutton's Survey No. 9519 bounded and described as follows: Beginning at a stake in the SW corner to Richard Cousins; thence N 17 1/2 deg. W, 108 poles to a stake; thence S 72 1/2 deg. W, 139 poles to a stake; thence S 17 1/2 deg. E, 108 poles to a stone, a white oak bears S 7 deg. E 2 1/2 deg. line; thence N 19 1/2 deg. to the beginning, containing 14 acres, more or less.

SECOND TRACT: Situate in the State of Ohio and in the Counties of Ross and Pike;

Parcel 1: Living on the waters of Pee Pee Creek, in the Township of Peblee, in the County of Pike, Ohio, and being part of Anthony Walker's Survey No. 9518, bounded and described as follows: Beginning at a stake in the NW corner to said survey; thence S 20 deg. W from the SW corner of said entry of which this is a part and in the line of David Wall's Survey; thence N 20 deg. E, 100 poles to a stake; thence S 20 deg. E, 100 poles to the beginning, containing 25 acres, more or less.

Parcel 2: Being part of survey of Lewis Acres No. 9519, in the name of Josiah Halter on the waters of Haw Fork of Pee Pee Creek; Beginning at a black oak and two white oaks at the NW corner of said survey; thence S 20 deg. W, 80 poles to a stake; thence N 20 deg. W, 80 poles to the north side of said original survey; thence with said north side line N 70 deg. E, 50 poles to the beginning, containing 25 acres, more or less.

Parcel 3: Situate in the County of Ross, State of Ohio and bounded and described as follows: Beginning at a stake in the NW corner of the original line of said survey and corner to Joseph Peniston Lot No. 1 of 121 acres of the same survey; thence with the line of said survey; thence with the line of said Peniston N 20 deg. W, 24-3/4 poles to a stake and black oak; thence S, 70 deg. E, 24-3/4 poles; thence S 22 deg. E, 24-3/4 poles to a black oak; thence S 20 deg. E, 24-3/4 poles to a black oak and two white oaks, corner to 25 acres deeded by Lewis Wheaton and wife to John Blue; thence with the original line N 19 deg. E, 52 poles to the beginning, containing 15 acres, more or less.

EXCEPTING FROM THE ABOVE THE FOLLOWING:

Beginning at a stake in the middle of the county road, westerly corner to the Church lot; thence with said road N 82 deg. W, 34 poles to a stake; thence N 54 deg. W, 8 poles to a stake in the middle of said road; thence S 27 deg. W, 32 poles to a stone; thence S 17 1/2 deg. E, 32 poles to a stone; thence N 72 1/2 deg. E, 32 poles to a stone NE corner to Mahala Jones; thence N 17 1/2 deg. W, 11 poles to a stone NW corner to Joseph Peniston's survey; thence with the line of said survey; thence with the line of said Peniston N 20 deg. W, 24-3/4 poles to a stake and black oak; thence S, 70 deg. E, 24-3/4 poles; thence S 22 deg. E, 24-3/4 poles to a black oak; thence S 20 deg. E, 24-3/4 poles to a black oak and two white oaks, corner to 25 acres deeded by Lewis Wheaton and wife to John Blue; thence with the original line N 19 deg. E, 52 poles to the beginning, containing 15 acres, more or less.

The prayer of said petition is for the sale of said premises for the payment of debts and charges aforesaid.

The persons above mentioned will further take notice that they have been made parties-defendant to said petition and that they are required to answer the same on or before the 13th day of September, 1958.

Council Acts To Place Two Levies on Ballot

City Council, in an adjourned session Wednesday night approved two resolutions that will put a 2-mill levy for storm relief sewers and a two-tenths-of-a-mill cemetery operating levy on the November ballot for the voters' consideration.

Council also approved a special appropriation measure for the purchase of a used motorcycle for the police department, passed an ordinance giving an extra week of vacation to 15-year employees and heard from the committee looking over candidates to succeed City Manager James F. Parkinson.

The 2-mill levy for construction of storm relief sewers is designed to replace the 2-mill street levy that expires this year. Since streets are in good condition, Parkinson said the street levy doesn't need to be renewed.

THE COMBINED SEWERS the city has now are adequate to meet the sanitary needs for several years Parkinson explained. But they are badly overloaded during severe storms. He pointed out that the levy would simply divert money now being received from the expiring street levy to sewer improvements and would not represent an increase in taxes. The proposed levy to be used only for the construction of storm sewers would raise an estimated \$41,000 per year for the next five years. The expiring street levy has been in force for the past five years.

With James Baughn and James McWilliams present from the Union Township Board of Trustees a joint meeting was held by the trustees and council. At that time they agreed on a tax levy of .2 of a mill for the cemetery which is operated jointly. This small levy is needed to meet pension fund requirement and a possible deficit this year. Council passed the resolution placing the two-tenths of a mill levy on the November city ballot.

The proposed levy would raise about \$4,000 for each of the next five years to meet the city's share of cemetery operations.

COUNCIL PASSED an ordinance that included four separate appropriation items. The first provision is a \$275 appropriation for the purchase of a used motorcycle to be used by the police department for service parking meters and for other duties. Another item was \$400 for the auditor's incidentals fund.

Man Returned Here On Check Charge

Donald Harmel, 38, Columbus, was returned here by Deputy Sheriff Charles Hays Thursday morning to face a bad check charge.

William Roberts, of the B and J Market in Buena Vista, signed the complaint against Harmel, who he says gave him a check for \$30 dated June 24. Harmel is charged with writing the check with insufficient funds.

Harmel was arrested at his home 1 a. m. Thursday by Columbus police. Deputy Hays brought him here to await a hearing in Municipal Court Friday.

Turkey Joins List Recognizing Iraq

ANKARA, Turkey (AP) — Turkey, close ally of the fallen regime of King Faisal, recognized the new government of Iraq today.

The action followed a decision taken by Iraq's former Baghdad Pact allies—Britain, Turkey, Iran and Pakistan—during a meeting in London this week. Iran and Pakistan already have announced recognition.

Recognition leaves the door open for the new Iraqi regime to stay with the pact if it wants to. The U.S. and Britain also are expected to recognize the new government.

to be used for printed checks delivered last January that was not covered in the original appropriation.

The parking meter fund received \$400 needed for extra parts to keep the meters in good shape. The sum of \$560.33 already collected by the county auditor for election expenses was appropriated by Council to bring the city auditor's books in balance.

The ordinance giving city employees with 15 or more years of service an extra week of vacation with pay was passed under suspension of second and third readings. All employees, with the exception of those in the street department, now receive two weeks vacation. Street workers receive one week.

Councilman Robert Sanderson, chairman of the manager selection committee, reported that a call for applicants has been issued and that several applications have been received. Some of the applicants were interviewed.

Parkinson's resignation is effective Oct. 1, but he has said he is available to the city for consultation on any matter after his resignation.

Record Defense Bill Gets Nod

Senate OKs \$40 Billion For Armed Forces

WASHINGTON (AP)—A record peacetime money bill to give the nation's defense forces a stronger space age punch moved back to the House today with unanimous Senate endorsement.

Winding up an overtime session, the Senate voted 71-9 Wednesday night to give the Pentagon \$40,042,181,000 for the armed forces during the fiscal year that began July 1.

The House earlier voted about 38 billions. Unless it unexpectedly approves the more than 1½ billion added by the Senate, the bill will go to a joint conference committee. That group's compromise version will, in turn, require approval of both houses.

Sen. Dennis Chavez (D-N.M.), floor manager for the bill, said it would assure the nation enough power to deliver a knockout punch in a big war or "to handle not one but several brush wars at a single time."

He said the extra money added by the Senate would permit a step-up in missiles, aircraft, nuclear submarines and other major categories of military hardware.

As cleared by the Senate, the bill earmarks more than 18 billion dollars for the Air Force, about 11½ billion for the Navy and Marines, about 9 billion for the Army and the balance for interservice activities.

The Senate total is \$1,200,000,000 more than President Eisenhower originally asked, but includes money for some items he has requested since then.

Most of the approximately \$1,600,000,000 added by the Senate onto the House figure would go to the Air Force — for more B52 long-range jet bombers, jet tankers and troop-carrying transports. Some 590 million dollars in the Senate bill also would go to finance costs of the recent military pay increases enacted since the House passed its version of the bill June 5.

Courts

JAILED FOR CONTEMPT

Lawrence Webb, Route 5, has begun a 10-day jail sentence imposed by Judge John P. Case who has held that Webb is in contempt of a court order regarding payments in a divorce action.

TAX ASSESSMENTS

Assessments for delinquent sales tax payments, brought by the Ohio Department of Taxation against Millard Houseman Jr., Bloomington and Rodney Morris, 422 Lewis St., Washington C. H., have been recorded in Common Pleas Court. Each assessment is in the sum of \$125.35 which includes a penalty of \$16.35.

Reports To Police

A lost watch and a dog bite were reported to police.

Mary Ann Barr, 417 E. Paint St., said she lost her wrist watch somewhere between her home and the swimming pool Wednesday. Gary Thompson, 13, of 519 Fifth St., told police that a dog had bitten him.

Eunice is the Green word for "happy victory."

Wayward Calf Going Back Home After Night Out

Mr. and Mrs. Arthur Hiles, 836 Broadway St., won't have to play nursemaid to a stray calf much longer. The owner, Thomas Oyer, New Holland, told police at noon Thursday the calf at the Hiles home since about 2 p. m. Wednesday is his.

It all started Wednesday when the calf jumped from his truck driving through town. Ben Lacey, 84, Lewis St., followed the calf that was being chased by several children down the alley behind the Hiles home. He finally roped it.

Then the Hiles family took over. They moved their car out and converted their garage into a barn for the homeless calf Wednesday night. Mrs. Hiles said they had handled the toothless calf during the night.

Soon the Hiles garage can be used for the family car again.

At noon Thursday Oyer, owner of a dairy farm near New Holland, claimed the calf and told police he would pick it up Thursday evening.

Excess Rain Causes County Road Damage

Recent rains have delayed the work of county highway maintenance and repair crews, but county Engineer Charles Wagner is concerned, too, with more far-reaching effects of the excess precipitation.

Continued wet weather has saturated roadbeds in many parts of the county — a factor which may result in serious surface damage.

Soaked roadbeds make it possible for the pavement to shift — and, possibly collapse in some places. The actual amount of damage probably won't be evident until fall or in the spring.

MEANWHILE, surf a c e - treating of county highways planned for the summer months is about 60 per cent completed. The crew of 23, which has been applying a blade-mix surface to the Myers Rd. was forced to suspend operations when more rain fell Thursday morning.

Given a break in the weather, the resurfacing crew will move within the next few days to the White Oak and West Rd. where blade-mix surfacing is scheduled for parts of these two highways. The crew can lay from a mile to a mile - and - a - half of surface daily.

Every effort is being made to complete the county road improvements as soon as possible, so that equipment can be transferred to township roads, Wagner said.

Emergency Treatment Given 8 at Hospital

Falls, a charcoal burner and a bee sting were among the causes of injuries given emergency treatment at Memorial Hospital Wednesday.

Eight persons were treated and released.

Lonnie Morrison, 4, son of Mr. and Mrs. William Morrison, 318 Western Ave., fell at home and received lacerations of his right hand.

Becky Polk, 5, daughter of Mr. and Mrs. Thomas Polk, 512 Fifth St., fell while skating at Roller Haven.

Lloyd Thompson, Highland, a carpenter, was working at a home in Leesburg when he dropped a door on his right foot.

Mrs. Joseph Campbell, 114 W. Temple St., fell over toys at her home and suffered lacerations of her left foot.

Keith Lightfoot, 10, of 114 W. Temple St., nephew of Joseph Campbell, was burned on his right leg by flames from a charcoal broiler while the family was cooking out.

William T. Jones, 489 Drexel Ave., Lebanon, was treated for a bee sting on his left forearm.

Clarence Cabbage, 322 S. North St., was working on a step ladder when one of the rungs broke and he fell. He suffered lacerations of his head and left elbow.

Dana Carter, 11, son of Mr. and Mrs. Wilbur Carter, of near Sabina, caught his left foot on the power lift of a tractor while working on the farm of Richard Roth, Sabina. The tractor was not running.

ICC Appointment To Man Known Here

Appointment of Robert W. Minor, son-in-law of Mrs. Howard C. Allen of Washington C. H., to another term on the Interstate Commerce Commission was approved Wednesday by the Senate Interstate Commerce Committee.

Minor is a native of Columbus. Mrs. Minor is the former Miss Joar Allen, a native of Washington C. H.

Minor's new term expires Dec. 31, 1965.

A graduate of Ohio State University's College of Law, he went to the nation's capital first as secretary to Sen. John W. Bricker.

Mrs. Minor, a graduate of Washington C. H. High School and Miami University, met Minor while she was in radio work in Columbus.

The Minors now live in Bethesda, Md., a suburb of Washington, D. C.

Driver, 16, Fined

Gary Cleveland Stoddard, 16, has been fined \$10 in Juvenile Court as a traffic offender. The son of Mrs. Faye Stoddard, Route 2, he was specifically charged with speeding.

U. S. Steel Joins In Price Boost

7 Companies Report More Income Needed

PITTSBURGH (AP) — United States Steel Corp., the world's biggest producer, today boosted rolled sheet and strip steel prices approximately \$4.25 per ton.

The U.S. Steel action, anxiously awaited by the industry, is 25 cents per ton below increases posted since Tuesday by six other major producers.

Following action taken by the Armco Steel Corp. Tuesday, steel price increases of about \$4.50 a ton were announced Wednesday by the Republic Steel Corp., Jones & Laughlin Steel Corp. and the National Steel Corp.

In Washington, Sen. Estes Kefauver (D-Tenn.), chairman of the Senate Antitrust and Monopoly subcommittee, responded by saying he is thinking about proposing an inquiry into the price increases and the possibility of a rollback to old prices.

He told the Senate "it is time for the President to speak out firmly and use the great power of his office" to keep steel prices stable. He also called a subcommittee meeting for Friday to consider "what we can effectively do to discourage" price hikes by more steel producers.

The price hikes apply mostly to sheet and strip steel, which is used mainly by automobile and appliance manufacturers. But there is speculation among consumers that the price hikes may soon spread to other types of steel.

There seemed little likelihood that increased steel prices would result in an immediate increase in the prices of cars and appliances such as stoves and refrigerators. Manufacturers of these items have steel on hand that was purchased under current prices, and they hesitate raising prices when sales are slow.

Mainly About People

Joe W. Moses, 61, of Atlanta, who was injured when his car was involved in a three-vehicle collision on Route 22 Monday afternoon, remains in fair condition in Memorial Hospital where he has been a patient since the accident. A companion in the Moses car, Gerald Gerhardt, 18, and also of Atlanta, was reported in "good" condition in Memorial Hospital.

Patti Denise is the name chosen by Mr. and Mrs. Andrew Thomas, Route 1, Mt. Sterling, for their daughter born in Memorial Hospital July 6.

Mrs. Willard F. Story, Columbus Rd., is in Mt. Carmel Hospital, Columbus for observation and treatment. Her room number is 335.

Alfred R. Hagler, Sr., of the Jamestown Rd., who is a medical patient in Memorial Hospital, was reported to be in "good" condition Thursday morning.

Mr. and Mrs. William Cotner, 632 S. Fayette St., have chosen the name Valerie Jean for their daughter born in Memorial Hospital Sunday.

Mr. and Mrs. Daryl (Butch) Evans of Union, N. J., have named their new daughter Maureen. She was born in a hospital there at 2 a. m. Monday. Evans is now serving with the Marine Medical Battalion in Hawaii. Mr. and Mrs. Homer Evans of Washington C. H. are the paternal grandparents.

Couple Dies in Crash

TIFFIN, Ohio (AP)—An auto-truck collision near Ohio 4 south-east of here Wednesday killed Harland Eckstine Jr., 34, of Galion, and his wife, Jean, 33. Their daughter, Linda, 10, is hospitalized with a possible skull fracture. The truck driver was unhurt.

Well Reaches 1,800 Feet; No Oil Yet

At 8:30 a. m. Thursday the oil well being drilled on the farm owned by Mrs. Beryl Cavine, within sight of the city, was down to 1,879 feet and was still a "dry hole". Indications were that a "strike" had been expected around 1,800 feet.

The drill was still moving downward Thursday noon at the rate of several feet an hour, and every bailer of chippings was being inspected carefully for any indications of oil.

It is understood that whether the present well proves to be dry or a producer, another well will be started in the county as soon as the present one is completed. This probably will be within the next few days.

British Fight Off

Greek Cypriot Mob

NICOSIA, Cyprus (AP) — Four British soldiers fought off a mob of 300 Greek Cypriots Wednesday night in a village near Famagusta, killing two of the villagers before order was restored.

The deaths are expected to lead to new revenge attacks by the Greek underground Eoka, which issued leaflets promising to kill a British soldier for every Greek Cypriot killed by the British on the strife-torn Mediterranean island.
